## SOLAR ANALYSIS

### Solar ASC ♑ Capricorn → natal H11 — Community & Goals

The year is shaped by **friendships, communities, collective goals, and your vision for the future**. Social connections carry unusual significance — who you spend time with and what groups you belong to will leave a lasting mark. Long-term goals that have been forming in the background come into sharper focus. This is an excellent year for collaborative projects, finding your people, and **aligning your daily choices with your larger vision** for where your life is going.

### Dispositor ♄ Saturn → ♍ Virgo · natal H7 — Partnerships

With the dispositor in the seventh house, the year's energy **moves through relationships and significant others**. Partners, collaborators, and one-on-one connections become the primary context. Whatever the year's main theme, it will be activated, tested, or fulfilled through your closest relationships. Pay close attention to who enters your life this year — **other people are the mirror and the mechanism** for this year's growth.

### Singleton: ♅ Uranus (Water)

One planet manages your entire emotional depth — intuition, empathy, and psychological sensitivity all depend on it. When this planet is active and well-supported, you can be remarkably perceptive or emotionally committed in a specific way. When it is under pressure, the whole inner world feels blocked at once. **Your emotional responses tend to be intense and specific rather than fluid**, which means feelings build quietly and then arrive with force rather than moving through you in a continuous, manageable flow.

### ♄ Saturn · solar H1 rul. ☐ Square ♀ natal Venus

Right now you feel **withdrawn and critical** about your relationships, noticing flaws that bother you more than usual. People may seem demanding or disappointing, and you're less interested in socializing or physical affection during this period. This temporary hardness comes from *Saturn* pressing on your *Venus*, making emotional closeness feel like work rather than pleasure.

### ♆ Neptune \* Sextile ♀ natal Venus

Right now you're more **willing to see people as they want to be seen rather than how they actually are**, which softens your relationships in a real and practical way. You feel less critical of your partner or close friends and more inclined to give them the benefit of the doubt when things go wrong. Over the coming weeks, this gentler outlook makes your social life feel easier and your connections feel warmer, even though nothing concrete has actually changed.

### ♇ Pluto · solar H10 rul. △ Trine ♄ natal Saturn

You find it easier right now to stick with difficult tasks without losing confidence in yourself. **You work with steady focus** on what actually matters, turning big goals into concrete steps. This period supports you in building something real that lasts, whether at work or in how you organize your life.

### ♊ NNode △ Trine ♊ natal NNode

Right now you find yourself **naturally moving toward people and situations that feel right for you**, without having to force or overthink the decision. You meet someone useful or stumble into an opportunity that aligns with what you actually want to be doing. This period supports you in following your instincts about where to put your effort, and doors tend to open when you do.

### ♀ Venus · solar H4/H9 rul. ☐ Square ♀ natal Moon

Right now you're more critical of the people close to you, especially about how they show affection or support you. You might push away someone who's trying to help because you **feel disconnected from what they're offering**, even if it's genuinely good. This frustration can make you withdraw or say things you regret, so it helps to notice when you're in this mood before you act on it.

### ♃ Moon · solar H7 rul. ♂ Conjunction ♊ natal NNode

These days you feel more drawn to people and situations that feel familiar or emotionally safe, even if they are not new. You are likely **seeking connection with others who understand your values without needing to explain yourself**. This pull toward comfort and belonging will fade in a week or two, but right now it is worth noticing who or what actually makes you feel at home.

## ♀ Venus · solar H4/H9 rul. ☐ Square ♂ natal Uranus

Right now you're restless in your relationships and find it hard to settle into routine affection or commitment. You might **push away people who want closeness** or suddenly lose interest in someone who was important to you last week. This friction between wanting freedom and being expected to show up consistently will test your patience and theirs over the coming weeks.

## ☉ Sun · solar H8 rul. ♂ Conjunction ☉ natal Sun

Your sense of what you want from life becomes clearer right now, and you naturally act on it more directly. You feel more confident in social and professional situations, which means people respond better to you. This is a good window to start something new or push forward with a goal you've been sitting on.
