KEY TRANSIT FACTORS

☾ Moon ☐ Square ♇ natal Pluto ★

You feel emotionally raw right now, and small frustrations hit harder than they normally do. Your impulse to control situations around you gets stronger, even though pushing usually makes things worse. These days you are likely to pick fights or withdraw completely, so watch for both patterns and try to sit with discomfort instead of acting on it.

♀ Venus ∟ Semi sextile ♂ natal Mars

Right now you find it easier to **ask for what you want without apologizing**, whether in conversation or in your actions. Your usual hesitation about pursuing your own goals softens, and you can speak up or make moves with a natural confidence that feels good. This small but real shift helps you get things done and connect with others more directly over these coming weeks.

♂ Mars ☐ Square ♅ natal Uranus

You're more likely to act without thinking these days, especially when someone tells you what to do. The gap between what you want and what you're actually doing widens fast, and you feel **restless and impatient with normal routines**. Over the coming weeks, small frustrations can turn into sudden arguments or reckless decisions that create real problems at work or in your relationships.

♂ Mars ☌ Conjunction ♁ natal NNode

You are feeling **more willing to take action on things you normally hesitate about**, and this confidence is pulling you toward people and situations that match where you want to develop. Over the coming weeks, you may notice you're speaking up in meetings, starting conversations with new people, or pursuing opportunities you would usually pass on. This directness can open doors, but it can also create friction if you push too hard without checking whether others are actually ready to move at your pace.

☿ Mercury * Sextile ♅ natal Uranus

Your mind is working faster than usual right now, and you naturally spot connections others miss. You find it easier to explain unusual ideas clearly, and people actually listen instead of dismissing you as too different. This is a good window to **pitch new concepts at work, write up those unconventional plans, or have honest conversations about how you want to change things**.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

☾ Moon ♄ Conjunction ♇ Pluto

Right now you are more aware of what you actually feel underneath the surface, and you may find yourself **bringing buried emotions into conversations** without planning to. People around you are doing the same thing, which means the social atmosphere tends toward intensity and honesty instead of small talk. This period asks you to notice what you have been avoiding emotionally and to accept that some feelings need to come out.

☾ Moon * Sextile ♃ Chiron

Right now you are more willing to talk about things that usually stay hidden, and people around you sense this openness. Your emotional honesty creates **permission for others to be honest too**, and conversations that have been stuck for months suddenly move forward. This is a good window for having difficult talks with people you trust, because you can speak about real hurt without turning it into blame.
