KEY TRANSIT FACTORS

☾ Moon ☿ Quincunx ♂ natal Mars

Right now your emotional needs and your desire to act are out of step with each other. You might feel frustrated because you want to do something but your mood keeps pulling you in a different direction, or you start projects when you are not actually ready for them. This **awkward mismatch between feeling and doing** tends to fade over the coming weeks, but while it lasts you will work better if you check in with yourself before pushing forward.

♃ Jupiter △ Trine ♀ natal Venus

Right now you're naturally more **generous and open-handed** with people around you, and they notice. You find it easier to say yes to invitations, spend money on things that bring you joy, and let others see you enjoying yourself without guilt. This practical shift in how you move through social situations tends to bring more warmth back to you from the people in your life over these coming weeks.

☉ Sun ☐ Square ☉ natal Sun

Right now you're running up against your own limits in ways that feel uncomfortable and direct. You may notice yourself **pushing harder on goals that aren't moving**, or running into resistance from people who usually support you. This friction is real, not imaginary—your confidence is lower than usual, and small setbacks land harder, so this is a good time to slow down and reassess rather than force things forward.

♇ Pluto ♂ Conjunction ♃ natal Jupiter

You're experiencing a **pull toward bigger goals and riskier decisions** right now, as if your usual caution has lifted. You might pursue opportunities or make commitments that feel exciting but also require real resources or long-term responsibility. Over the coming weeks, watch whether you're expanding into something genuinely valuable or simply overextending yourself because the moment feels urgent.

♀ Venus ☐ Square ♇ natal Pluto

Right now you may feel drawn into relationships or situations where you want more control than is realistic, and you become frustrated or resentful when you cannot have it. Your **need to dominate or possess** shows up in your romantic life and friendships, creating tension with people who sense your intensity. Over the coming weeks, this pattern will likely push others away unless you notice it and step back from trying to reshape them.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

› **Moon ☾ Quincunx ♂ Mars**

These days you might feel **restless without knowing why**, like your emotions want something your body isn't ready to deliver. Small tasks feel either pointless or urgent depending on your mood, and you could snap at someone over something that wouldn't normally bother you. The mismatch between what you feel like doing and what actually needs doing right now creates a practical friction that's hard to sit with.

› **Moon ☾ Quincunx ♄ Saturn**

These days you might feel **emotionally restless without knowing exactly why**, as if something needs fixing but you cannot quite identify what. Your practical side wants to organize your feelings into a manageable system, yet your emotional needs keep shifting underneath whatever plan you make. This mismatch between what you feel and what you think should happen creates a low-level frustration that pushes you to keep adjusting your approach until something finally clicks.

LUNAR DAY

Moon in ♉ Taurus · Day 23 / 30 · Last Quarter

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
