## KEY DATE

### ☉ Sun enters ♐ Sagittarius

*Sun* in *Sagittarius* tends to make people **more direct and honest** — you'll notice colleagues and friends saying what they actually think instead of holding back. **Restlessness kicks in** at work and in routines, so people often start planning trips, taking on new projects, or pushing back against rules that feel pointless. In relationships and conversations, expect **blunt opinions** and *Sagittarius* energy bringing out your urge to debate, teach, or explore ideas rather than stick to small talk.

## KEY TRANSIT FACTORS

### ♇ Pluto \* Sextile ☉ natal Sun

Over the coming weeks, you feel more **willing to take control of situations** that have felt stuck or out of your hands. Your sense of what you actually want becomes clearer, and you find yourself making decisions with less doubt than usual. This period supports real change in your life, especially when you stop waiting for permission and start acting on what matters to you.

### ♂ Mars △ Trine ♄ natal Saturn

Right now you're finding it easier to **follow through on difficult tasks without cutting corners**, because your impatience has natural brakes built in. You have the stamina to do slow, steady work that actually matters, and you don't feel frustrated by the time it takes. Over the coming weeks, people notice you as someone who delivers reliable results instead of making excuses.

### ♁ NNode \* Sextile ♄ natal Saturn

You find it easier right now to **follow through on commitments without getting sidetracked**, whether at work or in your personal projects. The practical support from *Saturn* meeting the direction of the *North Node* means you can actually stick to a plan instead of abandoning it halfway. Over the coming weeks, this steadiness helps you build real credibility with people who matter to you.

### ☾ Moon □ Square ♁ natal Chiron

Right now your **emotional defences are getting poked**, and old hurts you thought you'd buried are coming back up. You're more irritable than usual and quicker to feel rejected, especially in conversations where someone disagrees with you or doesn't give you the reaction you wanted. These feelings will pass in a few days or weeks, but while this lasts you'll need to notice when you're snapping at people over small things instead of addressing what's actually bothering you underneath.

### ♀ Venus qx Quincunx ♄ natal Saturn

Right now you feel pulled between wanting closeness with someone and needing to keep your distance, which makes you act uncertain in social situations. You might say yes to plans and then back out, or hold back from expressing what you actually want because you are unsure how it will land. These mixed feelings are temporary, but while this lasts they can make your relationships feel awkward or leave you feeling dissatisfied with how you are connecting.

☉ Sun ☾ Semi sextile ♄ Saturn

These days you find it easier to stick with practical commitments without feeling weighed down by them. **You can be disciplined and follow through** on plans while still enjoying the process instead of resenting it. The light touch between Sun and Saturn means your natural confidence supports your ability to work steadily toward real goals.

☾ Moon \* Sextile ♀ Venus

Right now you find it easier to **express what you actually feel** without worrying what others will think. People around you respond well because you seem more genuine and relaxed than usual. This is a good period to have honest conversations or do something kind for someone close to you.

☾ Moon \* Sextile ♃ Jupiter

Right now you find it easier to talk about what you actually need and have people listen without defensiveness. Your **emotional honesty feels safer**, and others respond by being more generous and accepting in return. This creates a practical benefit: conversations that might normally stall or get complicated tend to move forward into real understanding.

LUNAR DAY

Moon in ♑ Capricorn · Day 4 / 30 · New Moon

**Focus narrows toward responsibilities** and unfinished obligations during this transit, with less tolerance for distraction or small talk. The emotional tone becomes more reserved and measured for the next 48 hours.

CLOTHING & JEWELRY
