KEY TRANSIT FACTORS

♁ Chiron ☉ Opposition ♇ natal Pluto

Right now you are **confronting ways you control situations through fear or secrecy**, and it feels uncomfortable because someone or something is forcing you to see what you have been hiding from yourself. You may notice that your usual tactics for managing relationships or power no longer work, leaving you feeling exposed and defensive. These days it is worth sitting with this discomfort instead of retreating into old patterns, because what feels threatening right now is actually showing you where real change needs to happen.

☿ Mercury ☊ Conjunction ♂ natal Mars

Your mind is moving faster than usual right now, and you're more **direct and blunt in conversation** without meaning to offend. You say what you think immediately instead of filtering, which can help you cut through confusion but also create friction with people who prefer a gentler approach. Over the coming weeks, you'll notice you have more mental drive for arguments and debate, so use it on problems that actually need solving rather than picking fights.

♇ Pluto ☐ Square ♅ natal Uranus

Right now you feel a strong urge to break free from something in your life, but the harder you push for change the more resistance you meet. You become **impatient with rules and frustrated by limits**, which can make you act rashly or damage relationships you actually want to keep. Over the coming weeks, focus on understanding what you really want to change before you make moves you cannot easily take back.

♀ Venus ☐ Square ♊ natal NNode

Right now you're drawn to people and situations that feel comfortable but don't actually move you forward, making it harder to stick with the **relationships and commitments that genuinely challenge you to grow**. You might notice yourself avoiding conversations or connections that require vulnerability, instead choosing familiar company that asks nothing of you. Over the coming weeks, this pattern could leave you feeling stuck between what's easy and what's actually good for you.

♄ Saturn ☐ Square ♁ natal Chiron

Right now you are **more aware of your own limitations and past hurts**, which makes it harder to brush them off or move past them quickly. You may feel blocked when trying to help others or do work that normally feels meaningful, because old doubts about your capability are surfacing. Over the coming weeks, facing these uncomfortable feelings directly, rather than avoiding them, is what will actually move you forward.

☉ Sun ☊x Quincunx ♅ Uranus

At the moment you feel pulled in two directions without clear reason, and small changes in routine throw you off balance more than usual. Your usual way of doing things no longer feels quite right, but you don't yet see what would work better, which creates **restless dissatisfaction**. These days minor adjustments in your practical life take more energy and patience than they should.

☉ Sun ☌ Opposition ☌ Chiron

At the moment, you're likely to notice what you're **avoiding about yourself** — the parts of your character or your past that make you uncomfortable. This awareness doesn't feel good because it arrives as criticism rather than compassion, leaving you defensive or ashamed. Over the coming weeks, you may find yourself pushing back against feedback from others, even when it contains something useful, because right now your ego feels too raw to hear it.

☾ Moon ☌ Semi sextile ☌ Mars

These days you have a natural **willingness to take action on what matters to you emotionally**. You notice you can speak up about your needs without getting defensive, and people respond better because you sound calm instead of urgent. This period gives you just enough psychological momentum to move on something you've been sitting with for weeks.

LUNAR DAY

Moon in ♏ Scorpio · Day 3 / 30 · New Moon

Psychological intensity rises for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
