## KEY TRANSIT FACTORS

### ☉ Sun qx Quincunx ♁ Chiron ★

Right now you notice small practical problems in areas where you thought you had things figured out. Your confidence runs into situations that don't quite fit your usual approach, and you have to **adjust your methods rather than push through**. This mismatch between what you expected and what's actually happening is the main feature of these days, and it often leads to useful corrections if you pay attention.

### ♊ NNode ☐ Square ♀ natal Venus

Right now you are more **critical of your relationships and what you want from them**, and this makes it harder to enjoy the people close to you. You might find yourself questioning whether your partner, friends, or family actually fit what you need, or you push them away before they can disappoint you. Over the coming weeks, this friction can help you get honest about what you will and will not accept from others, but the process feels uncomfortable and isolating while it lasts.

### ♇ Pluto ☐ Square ♁ natal Uranus

Right now you feel a strong urge to break free from something in your life, but the harder you push for change the more resistance you meet. You become **impatient with rules and frustrated by limits**, which can make you act rashly or damage relationships you actually want to keep. Over the coming weeks, focus on understanding what you really want to change before you make moves you cannot easily take back.

### ♅ Uranus qx Quincunx ♆ natal Neptune

Over the coming weeks, you may notice your usual routines feel less satisfying or believable than before. You might find yourself questioning plans you thought were solid, or feeling restless about commitments that once felt safe. This **disconnect between what you expect and what actually holds your attention** can make it hard to stick with anything for long, so building in flexibility rather than fighting the feeling works better right now.

### ♇ Pluto ☌ Conjunction ♊ natal NNode

Over the coming weeks, you're likely to feel **drawn toward situations that demand you shed old patterns and step into unfamiliar territory**. People and opportunities that previously felt outside your reach may suddenly appear, pushing you to make choices that feel risky but necessary. This period can feel intense and uncomfortable because you're being forced to confront what you've outgrown.

### ♂ Mars ☌ Conjunction ♀ natal Venus

While this lasts, you feel a **stronger pull toward people and activities that excite you** — you're more direct about what you want and less willing to wait around. Your physical attraction to others sharpens, and you're quicker to pursue relationships or make moves in your social life. Over the coming weeks, watch whether this directness helps you connect or whether you're pushing too hard before you know what you actually want.

☉ Sun ☐ Square ☽ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

♿ Mercury ∟ Semi sextile ♃ Jupiter

These days you find it easier to **explain yourself clearly** and people actually listen instead of getting defensive. Your practical ideas connect with what matters to others right now, so conversations tend to move forward instead of getting stuck. This is a good window for sharing plans, asking for feedback, or pitching something you have been thinking about.
