KEY TRANSIT FACTORS

♁ Chiron ☌ Opposition ♀ natal Venus ★

You are noticing flaws in people you care about that you usually overlook, and it makes you question whether the relationship is worth the effort. **Your affection feels conditional right now**, and you may withdraw or become critical without meaning to. Over the coming weeks, this friction is forcing you to decide what you actually need from the people in your life instead of just going along with things.

♄ Saturn △ Trine ♁ natal Uranus ★

Right now you find it easier to turn your unusual ideas into actual plans that work. You can **think in practical steps** without losing what makes your vision interesting or different. This period is ideal for starting projects that need both creativity and solid organization, because your brain is naturally balancing both at once.

☉ Sun ☌ Quincunx ♀ natal Venus

Over the coming weeks you notice a mismatch between what you want socially and what actually feels right to you. You might say yes to plans or people, then feel disconnected once you are there, creating **awkwardness in your interactions**. This disconnect fades as the transit passes, so small adjustments now will help you feel more authentic in your relationships.

♁ NNode ☌ Quincunx ♂ natal Mars

Over the coming weeks, you'll notice your usual way of taking action feels slightly off, as if what normally works requires a small adjustment. You might hesitate before speaking up or pushing forward, then suddenly act without your usual preparation, creating an awkward rhythm. This is a good time to notice where you act on instinct versus where you benefit from pausing to check your direction first.

♄ Saturn △ Trine ♄ natal Saturn

Right now you find it much easier to **stick with long-term plans without second-guessing yourself**. You have a practical clarity about what needs doing and the patience to do it step by step without getting frustrated. This is a good time to tackle projects that require consistent effort, because your mind naturally settles into a steady rhythm instead of jumping around.

☉ Sun ☌ Conjunction ☾ Moon

These days you feel more **aligned between what you want and what you feel**. Your emotional needs and your sense of direction match up, so you act with fewer doubts and less second-guessing yourself. This is a practical advantage when you need to make a choice or move forward on something that matters to you.

☉ Sun ☌ Conjunction ♃ Jupiter

Right now you feel more confident about your abilities and less worried about what could go wrong. You are **more willing to take on bigger challenges** and speak up in situations where you normally stay quiet. This period tends to bring real opportunities your way because you are actually showing up differently, not because of luck.

☉ Sun * Sextile ♅ Uranus

These days you feel more willing to try something different without the usual fear holding you back. You might suggest a new idea at work, change your routine, or say no to something that no longer fits. This **relaxed openness to change** makes it easier to break old patterns while still feeling grounded enough to actually follow through.

* = natal resonance — this transit echoes your birth chart, amplifying its influence

LUNAR DAY

Moon in ♓ Pisces · Day 30 / 30 · Waning Crescent

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
