KEY TRANSIT FACTORS

♇ Pluto * Sextile ♆ natal Neptune *

While this lasts, you find it easier to **see through confusion and spot what's actually real** in situations that usually feel murky to you. Your intuition sharpens without becoming unreliable, so you can trust your gut feelings more than usual. This is a good time to make decisions about things you've been uncertain about, because you're cutting through the fog naturally.

♁ Chiron qx Quincunx ☉ natal Sun *

While this lasts, you notice a **gap between how you see yourself and what actually works in your life**. You might feel awkward or out of step, as though your usual confidence does not quite fit the situation you are in. Over the coming weeks, small adjustments in how you present yourself or approach tasks will reduce this friction.

☉ Sun * Sextile ♁ natal NNode *

Right now you find it easier to **act in ways that feel genuine to you** without second-guessing yourself. People respond well to this straightforward version of you, and conversations that matter tend to go smoothly. Over the coming weeks, this natural confidence makes it practical to take small steps toward things you actually care about.

☾ Moon * Sextile ♁ natal Chiron

Right now you find it easier to talk about things that usually hurt to mention, and people respond well when you do. Your **natural openness about your own difficulties** gives others permission to be honest too, creating real connection instead of surface small talk. Over the coming weeks, this ease with vulnerability can help you understand your own patterns more clearly and support someone else who needs to hear that they're not alone in their struggle.

♂ Mars Δ Trine ☉ natal Sun

These days you have natural **momentum behind your plans**, and things you start tend to move forward without you having to push as hard. Your physical energy is steady and reliable right now, so you can tackle practical tasks or exercise routines without the usual fatigue getting in the way. The combination of *Mars* and your *Sun* means your confidence and your ability to act are working together, making it easier to do things that actually matter to you.

♀ Venus Rx · ♈ Aries

Relationships feel competitive or impatient right now, and old romantic patterns tend to resurface. Impulsive decisions about love, money, or self-presentation made during this period often need correction afterward. What feels like a fresh start now is more likely a return to something unresolved.

☉ Sun □ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun △ Trine ♂ Mars

Right now you feel **capable and ready to act** on things you've been thinking about. You have the psychological boost to start projects or push through obstacles without burning out or getting frustrated. This period makes practical effort feel natural instead of forced.

☉ Sun □ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

LUNAR DAY

Moon in ♊ Gemini · Day 8 / 30 · Waxing Crescent

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY

Thursday · ♃ Jupiter · Venus in Libra

Thursday is Jupiter's day — deep blue or royal indigo invites expansion and optimism. Amethyst worn as a ring or necklace supports wisdom and measured confidence.
