KEY DATE

♃ Jupiter enters ♋ Cancer

Jupiter in *Cancer* tends to make people **more generous with family and home matters**, so you'll likely notice yourself spending more on the house, investing in closer relationships, or wanting to gather people around you more often. At work and in daily life, there's usually a **pull toward comfort and security** — people take on bigger mortgages, expand their households, or commit more deeply to long-term projects that feel personally meaningful. The pattern is that *Jupiter's* expansion meets *Cancer's* focus on belonging, so opportunities often show up through **family connections, real estate, or emotional commitments** rather than through individual achievement or abstract ideas.

KEY TRANSIT FACTORS

♇ Pluto * Sextile ♆ natal Neptune *

While this lasts, you find it easier to **see through confusion and spot what's actually real** in situations that usually feel murky to you. Your intuition sharpens without becoming unreliable, so you can trust your gut feelings more than usual. This is a good time to make decisions about things you've been uncertain about, because you're cutting through the fog naturally.

☿ Mercury * Sextile ♀ Venus *

These days you find it easier to say what you actually mean without hurting people's feelings. **Your words come across as thoughtful and warm** instead of blunt, which makes conversations go smoother and helps you connect with others. This is a good time to have the talks you have been putting off, since *Mercury* and *Venus* are working together to make you both honest and considerate.

♇ Pluto △ Trine ♇ natal Pluto

You feel more **willing to let go of things that no longer serve you**, whether that's old habits, relationships, or ways of thinking that have held you back. This shift happens naturally rather than through force, and you find yourself making practical changes without the usual resistance or drama. Over the coming weeks, you'll notice you have clearer sight of what actually needs to change in your life and the patience to follow through.

♀ Venus qx Quincunx ♆ natal Neptune

Over the coming weeks, you may notice your romantic or social preferences shifting in ways that feel unclear to you. You might find yourself **attracted to people or situations that don't quite fit what you normally want**, leaving you uncertain about what you actually value right now. This confusion usually settles once the transit passes, so it helps to observe your attractions without making major relationship decisions while this lasts.

♁ Chiron ♂ Opposition ♂ natal Mars

Right now you are more aware of how you push forward without checking if you are actually hurting yourself or others. **You second-guess your own aggression** and find it harder to act decisively because you are noticing the damage you might cause. Over the coming weeks, this self-doubt can make you feel stuck between wanting to move forward and worrying you will do it wrong.

☉ Sun ☿ Quincunx ♁ natal NNode

Right now you feel **pulled in two different directions** about what you want to do with your time and energy. Part of you wants to keep doing what's familiar, but another part senses you should be moving toward something new. This awkward feeling usually passes in a couple of weeks, but while it lasts you may second-guess decisions or feel restless about the direction you're heading.

☉ Sun ☐ Square ♁ NNode

These days you feel pulled between who you are right now and who you think you should become, and this gap creates real frustration. You might **resist feedback or advice** because accepting it feels like admitting you are not enough as you are. The practical result is that growth happens anyway, but it costs you energy and confidence in the short term.

☿ Mercury ☌ Conjunction ♃ Jupiter

These days you are **more talkative and optimistic about your ideas**, which makes conversations feel easier and more expansive than usual. You might overshare or make promises you have not fully thought through because your mind is moving faster than your usual caution. This is a good time to brainstorm, learn something new, or pitch a plan — just review the details before you commit to anything.
