KEY TRANSIT FACTORS

♂ Mars ☐ Square ♁ natal Chiron

You're more irritable than usual right now, especially when someone points out a mistake or limitation of yours. **You push back harder and faster than normal**, defending yourself before you've even thought it through. Over the coming weeks, this defensive reaction will show you exactly where you're still tender about your own abilities or past failures.

♃ Jupiter ∟ Semi sextile ☾ natal Moon

You find it easier to ask for what you need right now, and people tend to respond well when you do. Your mood is steadier than usual, which makes **speaking up about emotional concerns feel less risky**. Over the coming weeks, small conversations that might normally feel awkward often lead to genuine support instead.

♀ Venus ∟ Semi sextile ♄ natal Saturn

You find it easier right now to **be honest about what you actually want** instead of settling for less. This isn't dramatic or pushy—it's just a quiet clarity that helps you say no to things that don't fit and yes to people and situations that matter. Over the coming weeks, you might notice relationships and commitments feel more solid because you're not pretending or overcommitting.

♁ NNode * Sextile ♃ natal Jupiter

You find it easier to say yes to opportunities that actually align with what you want, rather than forcing yourself into situations that feel wrong. **Your judgment about which invitations and offers are worth your time becomes sharper**, and people respond well when you move toward them with this kind of clarity. Over the coming weeks, you'll likely notice doors opening in areas where you've been quietly hoping for movement, whether that's socially, professionally, or in learning something new.

♆ Neptune qx Quincunx ☉ natal Sun

Over the coming weeks, you may feel **slightly out of step with your usual sense of direction**, as if the goals you normally pursue don't quite fit who you are right now. Your confidence in what you want gets fuzzy, and you might second-guess decisions you'd normally make without hesitation. This mismatch between who you think you should be and what actually matters to you will probably clear up once this *Neptune* influence passes.

♃ Jupiter Rx · ♑ Capricorn

Ambitions and long-term structures built on optimistic assumptions are being tested right now. Career growth or institutional commitments that seemed on track may require more realistic adjustment than you had planned. Reviewing what is genuinely working in your long-term strategy before continuing to build is the most productive use of this period.

☉ Sun * Sextile ☾ Moon

These days you find it easier to know what you actually want and then act on it without second-guessing yourself. Your **practical needs and your emotional needs are pointing in the same direction**, so decisions feel less confusing. This alignment between the *Sun* and *Moon* means you can move forward with both confidence and peace of mind.

☉ Sun ♂ Conjunction ♂ Mars

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

☿ Sun ☿ Quincunx ♇ Pluto

Right now you might feel **out of step with your own needs**, as if what you want and what's actually happening don't quite match up. You notice yourself making small adjustments to stay in control of a situation, only to realize those tweaks aren't really working. This mismatch between your intentions and real results can leave you feeling frustrated until you accept that some things need to shift more completely than you planned.

LUNAR DAY

Moon in ♉ Taurus · Day 25 / 30 · Last Quarter

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
