## SOLAR ANALYSIS

### Solar ASC ♈ Aries → natal H2 — Resources & Values

The year centers around your financial security and personal values. This Solar Return Ascendant in your natal second house indicates that **money, possessions, and what you truly value** become the dominant theme. Whether building income, reassessing what you own, or clarifying what gives your life meaning, material and psychological security are the year's main curriculum. The question running through the year is: what do you actually need to feel stable and content?

### Dispositor ♂ Mars → ♍ Virgo · natal H7 — Partnerships

With the dispositor in the seventh house, the year's energy **moves through relationships and significant others**. Partners, collaborators, and one-on-one connections become the primary context. Whatever the year's main theme, it will be activated, tested, or fulfilled through your closest relationships. Pay close attention to who enters your life this year — **other people are the mirror and the mechanism** for this year's growth.

### Singleton: ♀ Venus (Air)

One planet carries all your rational thinking and social connection. Every conversation, analytical process, and exchange of ideas runs through this single point. When it functions well, you can be sharp, precise, and unusually clear in a particular mode of thinking. When it is challenged, mental clarity and ease of communication suffer at once rather than separately. **Your thinking is concentrated and specific** — you may have one very strong way of processing ideas while other modes of reasoning feel unnatural or tiring.

### ♃ Solar Jupiter → natal H10 cusp

0.6°

Your career and public reputation improve this year in ways that feel earned. **You take on bigger responsibilities** or get recognized for what you do. Your ambitions feel less impossible to reach. *Jupiter* opens doors, but you actually have to walk through them.

### ♂ Mars · solar H1 rul. ♌ Semi sextile ♂ natal Mars

These days you're finding it easier to **take action on things you've been putting off**, whether that's a project at work or a personal goal you've wanted to tackle. Your motivation feels steadier than usual, and you're not fighting yourself as much when it comes to getting started on difficult tasks. Over the coming weeks, this quieter boost to your initiative can help you build real momentum without burning out.

### ♊ NNode ♁ Quincunx ☉ natal Sun

These days you feel pulled between what you want to do and what feels like the right thing to do, and the two don't quite line up. You might find yourself **saying yes to commitments that don't actually match your real priorities**, then feeling frustrated when you realize what you've agreed to. Over the coming weeks, the practical answer is to slow down before you commit and check in honestly with yourself about what you actually want.

### ♃ Jupiter · solar H9 rul. ♌ Trine ♁ natal Chiron

Over the coming weeks, you find it easier to talk about past hurts without getting stuck in them, and people respond well to your honesty. You're naturally **more generous with yourself** when you make mistakes, which means you actually learn from them instead of dwelling. This is a good window to help others through their own difficulties because you genuinely understand what they're going through.

### ♇ Pluto · solar H8 rul. \* Sextile ♌ natal Moon

You find it easier right now to talk about what you actually feel instead of keeping things hidden. Your **emotional honesty** comes across as natural and calm, so people listen and respond well. Over the coming weeks, this means conversations with family or close friends become more real and less guarded.

### ♅ Uranus · solar H11 rul. ♌ Semi sextile ♃ natal Jupiter

These days you're picking up on new possibilities that others around you haven't noticed yet, and your **natural optimism makes you willing to try them**. A small opportunity in work or learning might appear suddenly, and you'll have the confidence to act on it without overthinking the risks. Over the coming weeks, this forward momentum helps you feel less stuck in old routines and more curious about what comes next.

### › Moon · solar H4 rul. ☐ Square ♀ natal Venus

Right now you feel emotionally out of step with the people closest to you, making it hard to enjoy their company or feel appreciated by them. You may pick fights over small things or withdraw when you normally would reach out, leaving relationships feeling **strained and disconnected**. These days your mood swings can make you seem ungrateful or cold, even when that is not what you intend.

### ♀ Venus · solar H2/H7 rul. ☐ Square › natal Moon

Right now you're more critical of the people close to you, especially about how they show affection or support you. You might push away someone who's trying to help because you **feel disconnected from what they're offering**, even if it's genuinely good. This frustration can make you withdraw or say things you regret, so it helps to notice when you're in this mood before you act on it.

### ☉ Sun · solar H5 rul. ♂ Conjunction ☉ natal Sun

Your sense of what you want from life becomes clearer right now, and you naturally act on it more directly. You feel more confident in social and professional situations, which means people respond better to you. This is a good window to start something new or push forward with a goal you've been sitting on.
