## SOLAR ANALYSIS

### Solar ASC ♐ Sagittarius → natal H10 — Career & Reputation

Your **career, public reputation, and life direction** are the year's main focus. This is a year when your professional life demands attention and offers genuine opportunities for advancement. How you're perceived in the world matters more than usual, and your ambitions become more concrete. **Steps taken toward your professional goals this year carry unusual weight** and may shift your trajectory for years ahead. Your reputation is being built — or rebuilt — in real time.

### Dispositor ♃ Jupiter → ♐ Sagittarius · natal H10 — Career & Reputation

The dispositor in the tenth house brings the year's themes into **public life and professional achievement**. The year's energy channels through career, reputation, and your relationship with authority and ambition. Whatever the year is mainly about, it will be expressed — or tested — in your professional sphere. **Public action and professional commitment** are the year's main instruments, and how you handle responsibility now shapes your longer-term trajectory.

### Singleton: ♂ Mars (Air)

One planet carries all your rational thinking and social connection. Every conversation, analytical process, and exchange of ideas runs through this single point. When it functions well, you can be sharp, precise, and unusually clear in a particular mode of thinking. When it is challenged, mental clarity and ease of communication suffer at once rather than separately. **Your thinking is concentrated and specific** — you may have one very strong way of processing ideas while other modes of reasoning feel unnatural or tiring.

### ♅ Uranus qx Quincunx ♆ natal Neptune

Over the coming weeks, you may notice your usual routines feel less satisfying or believable than before. You might find yourself questioning plans you thought were solid, or feeling restless about commitments that once felt safe. This **disconnect between what you expect and what actually holds your attention** can make it hard to stick with anything for long, so building in flexibility rather than fighting the feeling works better right now.

### ♇ Pluto · solar H11 rul. ☐ Square ♅ natal Uranus

Right now you feel a strong urge to break free from something in your life, but the harder you push for change the more resistance you meet. You become **impatient with rules and frustrated by limits**, which can make you act rashly or damage relationships you actually want to keep. Over the coming weeks, focus on understanding what you really want to change before you make moves you cannot easily take back.

### ♅ Uranus qx Quincunx ♇ natal Pluto

You feel an odd restlessness about situations you thought you had under control, and you're picking up on small details that suddenly seem important. Your impulse is to shake things up or take back power, but the timing never quite feels right, leaving you **frustrated by your own hesitation**. Over the coming weeks, small adjustments to your approach will work better than any dramatic move.

### ♏ NNode qx Quincunx ♃ natal Mercury

Over the coming weeks, you'll notice your usual way of explaining things doesn't quite land the way it normally does. People seem to need you to say things differently than feels natural to you right now, which can be **awkward and frustrating** in conversations. The mismatch between what you want to communicate and what actually gets understood will push you to find new ways of thinking about how you talk to others.

### ♇ Pluto · solar H11 rul. ♂ Conjunction ♏ natal NNode

Over the coming weeks, you're likely to feel **drawn toward situations that demand you shed old patterns and step into unfamiliar territory**. People and opportunities that previously felt outside your reach may suddenly appear, pushing you to make choices that feel risky but necessary. This period can feel intense and uncomfortable because you're being forced to confront what you've outgrown.

### ☾ Moon · solar H8 rul. ♀ Opposition ♀ natal Venus

Over the coming weeks, you feel **emotionally disconnected from the people you care about**, even when you are physically close to them. Your usual warmth and interest in others gets pulled inward, making you seem withdrawn or critical in social situations. This mismatch between what you normally feel and what you actually feel right now can create awkward moments in your relationships until this period passes.

## ♀ Venus · solar H5/H10 rul. ♂ Conjunction ♄ natal Mercury

Right now you find it much easier to say what you actually think, and people respond well to your words. You're more **relaxed and charming** when you talk, which makes conversations feel natural instead of forced. Over the coming weeks, this is a good time to have conversations you've been putting off, since you'll handle them with more grace than usual.

## ☉ Sun ♂ Conjunction ☉ natal Sun

Your sense of what you want from life becomes clearer right now, and you naturally act on it more directly. You feel more confident in social and professional situations, which means people respond better to you. This is a good window to start something new or push forward with a goal you've been sitting on.
