## KEY TRANSIT FACTORS

### ☾ Moon ∠ Semi sextile ♃ natal Jupiter ★

These days you find it easier to **see the good in situations** and bounce back quickly from small disappointments. Your mood lifts naturally when you focus on what you've learned from recent experiences, and people around you notice you're more optimistic than usual. This is a good window to say yes to invitations or try something new, since your confidence in things working out is genuinely higher right now.

### ♇ Pluto ∠ Semi sextile ♊ natal NNode

Over the coming weeks, you find yourself **naturally drawn toward people and situations that feel genuinely right for you**, without needing to overthink the decision. Small obstacles that usually frustrate you seem easier to work around, and you notice you're less defensive when someone challenges your choices. This is a good time to say yes to invitations or opportunities that align with what you actually want, because your instincts are working quietly in your favor.

### ♆ Neptune ∠ Semi sextile ☾ natal Moon

These days you notice **softer feelings** about situations that normally upset you, making it easier to let minor annoyances pass without reaction. Your emotional responses feel less sharp while *Neptune* supports your *Moon*, and you find yourself more willing to give people the benefit of the doubt. This period is good for noticing what actually matters to you emotionally rather than defaulting to old defensive patterns.

### ♅ Uranus □ Square ♁ natal Chiron

Right now you are likely feeling **restless about old wounds** that you thought you had worked through. Your usual coping methods for psychological pain are not working the way they normally do, which can feel frustrating and unsettling. Over the coming weeks, you may need to experiment with entirely new approaches to your emotional recovery instead of relying on what has always felt safe.

### ♊ NNode ☌ Conjunction ♄ natal Saturn

You are more aware right now of where you need to set limits and take responsibility, and you find it easier to say no to things that drain you. This period pushes you to **get serious about your commitments** and cut away what does not matter. Over the coming weeks, you may feel less interested in socializing or taking risks, and more focused on building something solid that will actually last.

### ♄ Saturn Rx · ♏ Scorpio

Deep psychological structures — the ways you manage power, control, and shared resources — are under quiet but significant review right now. Commitments made at depth, financial obligations, or emotional contracts with others demand careful attention. Unacknowledged patterns of control or avoidance are being surfaced for honest examination.

☉ Sun ☐ Square ♃ Neptune

Right now you are likely to **confuse what you want with what you imagine you want**, making it hard to set realistic goals or stick to decisions. People around you may seem unreliable or evasive, and you might notice yourself doing the same thing without meaning to. This period asks you to slow down and write things down before acting, because your usual sense of what is real gets cloudy.

☾ Moon ☍ Opposition ♂ Mars

Right now your **irritability is running high** and small annoyances feel like major problems. People around you seem to trigger you faster than usual, and you may snap at them or pick fights without meaning to. These days the gap between what you feel and what you're actually able to do creates real frustration, so patience is thin on the ground for everyone.

☾ Moon ♂ Conjunction ♅ Uranus

At the moment, you feel **restless and ready to break routine**, even if you do not consciously plan to. Your emotional reactions are faster and less predictable than usual, so you might say things you normally would not or suddenly want to change your plans. This period tends to shake up social situations and relationships because people are acting on impulse rather than habit.

LUNAR DAY

Moon in ♈ Aries · Day 26 / 30 · Last Quarter

**Impatience with delays** rises noticeably right now, and people act on whatever they want without much advance thinking. Short tempers and blunt reactions are more common for the next 48 hours.
