KEY DATE

☉ Sun enters ♒ Aquarius

Sun in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

KEY TRANSIT FACTORS

☉ Sun ☐ Square ♄ natal Saturn ★

Right now you're bumping up against your own limits, and it feels frustrating rather than motivating. You notice **resistance from authority figures or self-doubt blocking what you want to do**, and pushing harder only makes the friction worse. These few weeks ask you to slow down and work within real constraints instead of fighting them.

☿ Mercury ∟ Semi sextile ♁ natal NNode

These days you find it easier to **say what you actually mean** instead of holding back or overthinking your words. Your conversations with people tend to flow more naturally, and you pick up on what others really need to hear from you. This is a good time to share ideas you've been sitting on or to have those conversations you've been avoiding.

♁ NNode ☐ Quincunx ♂ natal Mars

Over the coming weeks, you'll notice your usual way of taking action feels slightly off, as if what normally works requires a small adjustment. You might hesitate before speaking up or pushing forward, then suddenly act without your usual preparation, creating an awkward rhythm. This is a good time to notice where you act on instinct versus where you benefit from pausing to check your direction first.

♁ NNode ∟ Semi sextile ♅ natal Uranus

Over the coming weeks, you find it easier to **try new things without overthinking them**, and people around you seem to notice your willingness to experiment. Your practical side stays intact while your curiosity pushes you to take small risks in familiar areas like work routines or social habits. This is a good time to test out ideas you've been sitting on, because you have just enough caution mixed in with your adventurous streak to actually make something of them.

☉ Sun ♂ Conjunction ☉ natal Sun

Your sense of what you want from life becomes clearer right now, and you naturally act on it more directly. You feel more confident in social and professional situations, which means people respond better to you. This is a good window to start something new or push forward with a goal you've been sitting on.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☉ Sun ∟ Semi sextile ♃ Saturn

These days you find it easier to stick with practical commitments without feeling weighed down by them. **You can be disciplined and follow through** on plans while still enjoying the process instead of resenting it. The light touch between *Sun* and *Saturn* means your natural confidence supports your ability to work steadily toward real goals.

LUNAR DAY

Moon in ♋ Pisces · Day 4 / 30 · New Moon

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
