KEY DATE

♂ Mars enters ♈ Aries

Mars in *Aries* brings **directness and speed** to how people push for what they want, whether at work or in conversations. You'll notice people **act faster** on decisions and speak up more bluntly instead of holding back, which can get things done quickly but also create friction if someone feels steamrolled. In practical terms, this is when **competition heats up** — at the gym, in meetings, on projects — and people have less patience for delays or obstacles.

KEY TRANSIT FACTORS

☾ Moon ∟ Semi sextile ♃ natal Jupiter ★

These days you find it easier to **see the good in situations** and bounce back quickly from small disappointments. Your mood lifts naturally when you focus on what you've learned from recent experiences, and people around you notice you're more optimistic than usual. This is a good window to say yes to invitations or try something new, since your confidence in things working out is genuinely higher right now.

♅ Uranus ★ Sextile ♅ natal Uranus

You find yourself **more willing to try new approaches** to problems that have frustrated you before. These days, you can spot practical changes that might actually work without overthinking them. Over the coming weeks, this clarity makes it easier to break free from routines that no longer fit your life.

♅ Uranus ★ Sextile ♂ natal Mars

You're finding it easier to take action on ideas that normally feel too risky or unconventional, and this **experimental confidence** is working in your favour right now. Your usual drive to get things done pairs well with a sudden willingness to try new approaches, so you can actually complete projects you've been sitting on. Over the coming weeks, people notice you're more direct and inventive about solving problems instead of relying on the same old methods.

♂ Mars ★ Sextile ☉ natal Sun

Right now you feel **naturally motivated to get things done** without pushing yourself too hard. Your confidence is steady, and you tackle practical tasks at work or home with clear direction and follow-through. This is an ideal window to start a project or commit to something you've been thinking about, because your actions line up with what actually matters to you.

♁ Chiron □ Square ♁ natal Chiron

These days you are more aware of where you feel inadequate or defective, and this awareness is uncomfortable rather than helpful. You might find yourself **withdrawing from situations where you could actually contribute** because you are convinced you will fail or disappoint others. This period pushes you to face the difference between your actual limitations and the harsh internal voice that exaggerates them.

♿ Mercury Rx · ♉ Taurus

Mental processes slow noticeably and a stubbornness in thinking makes it harder than usual to change your mind. These days you may return to financial decisions, possessions, or value-related questions that seemed settled. Take your time — the careful review you do now will save costly corrections later.

☉ Sun * Sextile ☾ Moon

These days you find it easier to know what you actually want and then act on it without second-guessing yourself. Your **practical needs and your emotional needs are pointing in the same direction**, so decisions feel less confusing. This alignment between the *Sun* and *Moon* means you can move forward with both confidence and peace of mind.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☉ Sun * Sextile ♃ Jupiter

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.
