KEY TRANSIT FACTORS

♄ Saturn * Sextile ♁ natal NNode

You are finding it easier to stick with commitments that actually matter to you right now, whether that's a project, a relationship, or a personal goal. **Your ability to follow through** feels natural instead of forced, and people around you notice you are more reliable than usual. This period gives you real momentum to build something solid that aligns with where you actually want to go.

☾ Moon □ Square ☉ natal Sun

Right now you're feeling **irritable with the people closest to you**, even when they haven't done anything wrong. Your mood swings are making it hard to stick to your normal routines, and small frustrations at work or home feel much bigger than they actually are. These next few days or weeks will test your patience, but once this passes you'll see more clearly what actually bothers you and what doesn't.

♁ Chiron □ Square ☉ natal Sun

Over the coming weeks, you'll feel **self-doubt creeping into situations where you'd normally feel confident**. Small failures or critical feedback will sting more than usual, and you may withdraw from activities where you typically lead. This is *Chiron* square your *Sun* forcing you to notice where your confidence is fragile or built on shaky ground.

♀ Venus □ Square ♄ natal Saturn

You feel **emotionally withdrawn and critical about your relationships** while this lasts, noticing flaws in people you normally accept. *Venus* square *Saturn* makes you doubt whether you deserve affection or whether others really care, so you pull back first to protect yourself. Over the coming weeks, this psychological distance can damage connections if you mistake your own fear for genuine incompatibility.

☉ Sun qx Quincunx ☿ natal Mercury

While this lasts, you find it hard to explain what you actually mean, even though your thoughts feel perfectly clear inside your head. People misunderstand you more often than usual, and you might notice yourself **rephrasing things multiple times** without getting your point across any better. The mismatch between what you think and what comes out of your mouth will probably frustrate you until this period passes.

☉ Sun ∠ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

› Moon ☐ Square ♀ Venus

Right now your **emotional needs feel at odds with what you actually want** — you might crave closeness but feel irritable when someone gets near, or want to be alone but then feel rejected. This mismatch between *Moon* and *Venus* makes it harder to communicate what you need without sounding demanding or cold. Over the coming weeks, pay attention to these moments so you can spot the pattern and name it out loud before resentment builds up.

› Moon ☐ Square ♃ Jupiter

Your emotions feel bigger than they actually are right now, and you are **overreacting to small disappointments** as if they matter more than they do. *Jupiter* amplifies whatever *Moon* is feeling, so today you might eat too much when you are mildly sad, or spend money you did not plan to spend because you want to feel better. The gap between what you want and what is realistic becomes harder to ignore, and sitting with that gap without doing something about it takes real effort.

LUNAR DAY

Moon in ♈ Aries · Day 26 / 30 · Last Quarter

Impatience with delays rises noticeably right now, and people act on whatever they want without much advance thinking. Short tempers and blunt reactions are more common for the next 48 hours.
