## KEY TRANSIT FACTORS

### ♀ Venus \* Sextile ♁ natal Chiron ★

Right now you find it easier to be kind to yourself about your past mistakes and insecurities. You're more likely to **accept your own flaws without harsh judgment** and actually mean it. This shift makes it simpler to have honest conversations with people you care about, since you're not defending yourself or hiding anymore.

### ♀ Venus ♀ Conjunction ♂ natal Mars ★

You feel more **confident and direct about what you want**, whether in romantic or social situations. These days you're more likely to make the first move, express attraction openly, or simply go after something that interests you instead of waiting. This confidence usually works in your favour, though it can fade quickly once the transit ends.

### ♀ Venus △ Trine ♂ natal Uranus ★

These days you feel more comfortable being yourself around others and less worried about what people expect from you. You're **more willing to try new things socially** — whether that's suggesting an unusual date idea, joining a group with different interests, or speaking up with an unpopular opinion. This period brings a natural ease to your relationships because you're relaxed enough to let your actual personality show, and that authenticity tends to draw people toward you.

### ♃ Mercury qx Quincunx ♇ natal Pluto ★

Right now your mind is picking up on uncomfortable truths that you normally ignore, and you feel compelled to talk about them even though it makes conversations awkward. You may notice **your words come across more bluntly than usual**, especially about other people's behaviour or secrets, which can create friction in relationships. Over these coming weeks, you'll do better if you pause before speaking and ask yourself whether what you're about to say actually needs to be said right now.

### ♁ Chiron \* Sextile ♀ natal Venus ★

Over the coming weeks, you find it easier to talk about what actually matters to you in relationships instead of staying quiet or pretending everything is fine. Your **honesty about your own needs** seems to land better with others right now, and people respond by opening up more too. This natural flow between what you feel and what you say creates real connection without the usual awkwardness or hurt feelings.

### ♃ Mercury Rx · ♓ Pisces

Thinking becomes impressionistic rather than precise during this period, making concrete decisions harder than usual. Miscommunications arise from vagueness — what you think you said and what others heard often differ. Creative and intuitive work benefits from this diffuse quality; contracts and deadlines do not.

### ☉ Sun ∟ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

### › Moon ☾ Quincunx ♀ Mercury

At the moment your *Moon* and *Mercury* are at odds, which makes it hard to say what you actually feel without overthinking it first. You might notice yourself **second-guessing your own reactions** or explaining your emotions in ways that don't quite fit the actual situation. This awkward angle between emotion and thinking tends to create mild frustration until you accept that some feelings just don't translate neatly into words.

### › Moon ☾ Quincunx ♃ Jupiter

These days your feelings and your practical plans don't quite line up, so you end up second-guessing yourself more than usual. You might feel **restless or dissatisfied** even when things are going reasonably well, because part of you wants something bigger while another part knows the timing isn't right. This mismatch between what you want emotionally and what you can actually do creates an awkward pressure that pushes you to make small adjustments rather than major moves.

Moon in ♌ Leo · Day 12 / 30 · Waxing Gibbous

**The social atmosphere becomes more expressive** these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
