KEY TRANSIT FACTORS

♄ Saturn ☌ Quincunx ♇ natal Pluto

You feel stuck between wanting to control a situation and knowing you cannot, which makes you irritable and restless in ways that are hard to explain to others. **You push harder on things that won't budge**, and this friction shows up most in relationships or projects where someone else has real power. Over the coming weeks, the practical way forward is to accept what you genuinely cannot change and redirect your effort toward the small moves that are actually within your reach.

♃ Jupiter ☌ Quincunx ♇ natal Pluto

Over the coming weeks, you may feel **restless with situations you thought were settled**, wanting to change things that previously felt stable or important to you. Your confidence in what you control grows, but it doesn't match up neatly with what's actually possible right now, leaving you frustrated. These misalignments between what you want to reorganize and what the real world allows are the main friction you'll notice while *Jupiter* stays at odds with your *Pluto*.

♆ Neptune △ Trine ♃ natal Jupiter

You're naturally more **optimistic about what's possible** right now, and people pick up on this openness. Your thinking tends toward the generous side, making you quicker to give someone a second chance or believe in a plan that seemed risky before. Over the coming weeks, this shift can help you connect with others more easily or move forward on something you've been hesitant about.

☾ Moon △ Trine ☿ natal Mercury

These days your **thoughts come through more naturally when you speak**, and people listen without interrupting you as much. Your mind feels less tangled, so you can explain what you actually mean instead of getting frustrated halfway through. This is a good window to have conversations you've been putting off, since you'll find the right words without forcing them.

♁ Chiron ☌ Quincunx ♁ natal Chiron

Over the coming weeks, you might notice old hurts or tender spots suddenly feel awkward or misaligned in new situations. You're **reassessing how you've handled past pain**, and what worked before may not fit anymore. This mismatch can feel uncomfortable, but it's actually showing you where your coping strategies need to shift.

☉ Sun ☌ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ☌ Opposition ♇ Pluto

Right now you are more aware of what you cannot control, and this awareness makes you feel **powerless in situations where you normally feel in charge**. People around you may seem to be testing your authority or questioning your decisions in ways that feel personal. This period brings psychological friction because your sense of self is bumping up against forces larger than your willpower.

☉ Sun ☌ Opposition ♄ Chiron

At the moment, you're likely to notice what you're **avoiding about yourself** — the parts of your character or your past that make you uncomfortable. This awareness doesn't feel good because it arrives as criticism rather than compassion, leaving you defensive or ashamed. Over the coming weeks, you may find yourself pushing back against feedback from others, even when it contains something useful, because right now your ego feels too raw to hear it.

LUNAR DAY

Moon in ♊ Gemini · Day 2 / 30 · New Moon

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY
