KEY TRANSIT FACTORS

♄ Saturn ☌ Conjunction ♃ natal Jupiter ★

You're feeling more cautious about plans you were excited about recently, and you're questioning whether they're actually realistic. Your usual confidence is being tempered by a practical voice that asks harder questions about timelines, costs, and what could go wrong. **You become more realistic about what you can actually deliver**, which might slow you down but also stops you from overcommitting.

♆ Neptune * Sextile ♆ natal Neptune

You find it easier right now to **notice patterns in your own thinking** without getting caught up in them. Your intuition about what people need from you becomes clearer, and you can offer support without losing yourself in their problems. Over the coming weeks, this practical clarity about emotional situations helps you make better choices about who and what deserves your time.

☾ Moon ☐ Square ☾ natal Moon

Right now your **moods are harder to predict and manage**, making it difficult to know what you'll feel from one hour to the next. People close to you may seem off or demanding in ways that irritate you more than usual, and you might find yourself defensive instead of open. Over the coming weeks, this restless feeling will push you to notice what you actually need emotionally, even if the process feels uncomfortable.

♁ Chiron △ Trine ♇ natal Pluto

Over the coming weeks, you find it easier to **talk honestly about difficult things** without getting defensive or shutting down. People respond well to your openness because you're not attacking or blaming them, just saying what actually happened and how it affected you. This period gives you a practical window to repair relationships or clear the air in conversations you've been avoiding.

♃ Jupiter ☌ Conjunction ☿ natal Mercury

You're thinking more expansively right now and your mind feels faster than usual. You're likely talking more, asking bigger questions, and finding it easier to explain your ideas to others. This is a good window to pitch a proposal, write something you've been putting off, or have conversations you've been avoiding because your confidence in what you're saying is genuinely higher.

☿ Mercury Rx · ♑ Capricorn

Professional communications and career-related decisions are prone to misalignment right now. Contracts, applications, or plans that seemed finalized may need revisiting before they are acted on. The careful checking you do now prevents public errors later.

♂ Mars Rx · ♌ Leo

The desire for recognition and creative output is present but blocked or redirected during this period. Ambitions that felt exciting may feel suddenly hollow, or effortful performance yields less response than expected. Reassessing your goals is more honest and productive now than seeking visible results.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ☿ Quincunx ♂ Mars

At the moment, you feel driven to act but something keeps pulling your attention in a different direction, making it hard to move forward with any single plan. Your usual way of doing things no longer feels quite right, and you have to keep adjusting your approach as you go. This mismatch between what you want to do and what actually works creates a practical friction that requires patience and small corrections rather than big changes.

☉ Sun ♂ Conjunction ♃ NNode

Right now you feel drawn toward activities and people that match who you actually are rather than who you think you should be. This creates a practical opportunity to make small choices that align better with your real interests and strengths. These days many people find themselves being more direct about what they want, which can clear the air in relationships and work situations.
