KEY TRANSIT FACTORS

☉ Sun △ Trine ♅ Uranus ★

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

♆ Neptune qx Quincunx ♃ natal Jupiter

Over the coming weeks, you may find that your usual confidence about what's possible gets pulled in different directions, making it hard to commit to plans or decisions. You might notice yourself second-guessing opportunities that normally excite you, or feeling unclear about whether to expand something or hold back. These contradictions are temporary, and the practical thing to do is stay flexible and avoid locking yourself into major commitments while this lasts.

♂ Mars ∟ Semi sextile ♃ natal Jupiter

You're finding it easier to take small steps toward things you actually want right now, without overthinking or stalling yourself. **Your natural confidence is subtle but real** — you're more willing to try something new or speak up in a meeting without needing everything to be perfect first. Over the coming weeks, this steady momentum can help you build on projects or goals that felt stuck before.

☾ Moon □ Square ♂ natal Mars

These days you are **more irritable than usual and quicker to snap at people** over small things. Your emotional state is raw right now, and your usual patience for waiting or compromising has worn thin. Over the coming weeks, you may find yourself picking fights or pushing people away when what you actually need is to slow down and let this restless mood pass.

☉ Sun □ Square ♁ natal Chiron

These days you're more aware of where you feel inadequate or hurt, and this awareness is uncomfortable rather than helpful. You might find yourself **withdrawing from situations where you feel exposed or judged**, even if no one is actually criticizing you. Over the coming weeks, this self-doubt can make ordinary tasks feel harder than they should be, though it usually passes once the transit moves on.

♀ Venus □ Square ♇ natal Pluto

Right now you may feel drawn into relationships or situations where you want more control than is realistic, and you become frustrated or resentful when you cannot have it. Your **need to dominate or possess** shows up in your romantic life and friendships, creating tension with people who sense your intensity. Over the coming weeks, this pattern will likely push others away unless you notice it and step back from trying to reshape them.

☉ Sun ☿ Conjunction ♿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.
