KEY TRANSIT FACTORS

♂ Mars ☌ Conjunction ☉ natal Sun ★

Right now you have more **physical drive and directness** than usual, and you're quicker to act on what you want. You may push harder on projects or speak up more bluntly in conversations because your patience for delays has dropped. Watch whether this gets you closer to your goals or whether it creates friction with people around you.

♂ Mars ∟ Semi sextile ☿ natal Mercury ★

Your mind feels sharper these days, and you're picking up on details you'd normally miss in conversations. **You speak with more directness and confidence**, which helps you get your point across without wasting time on unnecessary words. This is a practical window for tackling projects that need clear thinking or sorting out plans you've been sitting with.

☉ Sun △ Trine ♅ Uranus ★

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

☿ Mercury ☌ Quincunx ♁ natal Chiron

Over the coming weeks, you may notice that talking about your past experiences feels awkward or incomplete, as if the right words keep slipping away. You find yourself **starting to explain something painful, then stopping halfway through** because the explanation doesn't quite land. This mismatch between what you feel and what you can actually say might frustrate you, but it can also prompt you to try different ways of understanding what happened to you.

♁ NNode ☌ Quincunx ☿ natal Mercury

Over the coming weeks, you'll notice your usual way of explaining things doesn't quite land the way it normally does. People seem to need you to say things differently than feels natural to you right now, which can be **awkward and frustrating** in conversations. The mismatch between what you want to communicate and what actually gets understood will push you to find new ways of thinking about how you talk to others.

♁ Chiron ∟ Semi sextile ☿ natal Mercury

These days you find it easier to **explain things that usually confuse people**, because you naturally spot where someone's understanding breaks down. Your words feel clearer and more helpful, and conversations that might have turned into arguments instead become real problem solving. While this lasts, you're picking up on what others actually need to hear rather than just saying what comes to mind first.

☾ Moon △ Trine ☿ Mercury

Right now it feels easier to say what you actually mean without stumbling over your words or worrying what others will think. Your **thoughts match your feelings**, so conversations flow naturally and people understand you the first time. This is a good window for sorting through something confusing, making plans, or having an honest talk that you have been putting off.

› Moon △ Trine ♃ Jupiter

Right now you feel more **generous and open to others** than usual, and people pick up on that. You're more likely to say yes to plans, share what you have, and give people the benefit of the doubt. This is a practical time to strengthen relationships because you're not defensive or withdrawn.

LUNAR DAY

Moon in ♌ Leo · Day 18 / 30 · Full Moon

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
