KEY TRANSIT FACTORS

☾ Moon ☿ Quincunx ♃ natal Mercury ★

Over the coming weeks, you find it hard to say exactly what you mean even though you know what you're thinking. Your words come out **awkward or incomplete**, and people sometimes misunderstand you or ask you to repeat yourself. This mismatch between what's in your head and what comes out of your mouth will pass, but right now it's worth slowing down and checking that others actually understand you before moving on.

♃ Jupiter ☿ Conjunction ♃ natal Mercury

You're thinking more expansively right now and your mind feels faster than usual. You're likely talking more, asking bigger questions, and finding it easier to explain your ideas to others. This is a good window to pitch a proposal, write something you've been putting off, or have conversations you've been avoiding because your confidence in what you're saying is genuinely higher.

♂ Mars ☿ Quincunx ♅ natal Uranus

Right now your instinct is to **break free from routines**, but your actions keep hitting unexpected obstacles that force you to adjust course. You feel restless and impatient with how things normally work, yet when you try to move forward you find yourself having to backtrack or modify your approach. This mismatch between what you want to do and what actually works can feel frustrating, but it's teaching you which rules actually matter and which ones you can safely ignore.

♂ Mars ♃ Semi sextile ☾ natal Moon

These days you're finding it easier to act on what you actually feel instead of sitting with emotions until they build up. Your instinct to do something practical when you're upset or restless is working well for you right now. This **willingness to move forward emotionally** means small conflicts settle faster and you feel less stuck in your own moods.

♇ Pluto ♃ Semi sextile ♃ natal Mercury

Your thinking becomes **sharper and more direct** while this transit is active, and you find yourself cutting through confusion to get to what actually matters. People respond well to your communication right now because you speak with real conviction and skip the unnecessary parts. Over the coming weeks, you may notice conversations go deeper than usual and that others take your words seriously.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

› Moon ☐ Square ♂ Mars

These days you're more likely to act on frustration before you think it through, and small annoyances can feel urgent and demanding. **Your emotional reactions move faster than your good judgment**, so conversations with others can turn sharp or heated quickly. This period pushes you to notice the gap between what you feel and what actually needs to happen right now.

› Moon ♃ Quincunx ♃ Jupiter

These days your feelings and your practical plans don't quite line up, so you end up second-guessing yourself more than usual. You might feel **restless or dissatisfied** even when things are going reasonably well, because part of you wants something bigger while another part knows the timing isn't right. This mismatch between what you want emotionally and what you can actually do creates an awkward pressure that pushes you to make small adjustments rather than major moves.

LUNAR DAY

Moon in ♍ Virgo · Day 12 / 30 · Waxing Gibbous

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
