KEY TRANSIT FACTORS

☾ Moon **qx** Quincunx ☉ natal Sun

Right now your mood and your sense of purpose are out of sync, so you feel restless even when things are going well. You might **second-guess decisions you normally feel confident about**, or find yourself irritable with people who don't understand what you need. These feelings will pass in a week or two, but until then you'll work better if you accept the discomfort rather than trying to fix it.

☾ Moon **△** Trine ♆ natal Neptune

Your **imagination feels more accessible right now**, and creative ideas come to you more easily than usual. You're also more **attuned to what people around you need emotionally**, picking up on moods and unspoken feelings without effort. These days your intuition works in your favour, especially when you're making decisions or trying to understand a difficult situation.

☉ Sun ***** Sextile ♂ natal Mars

Right now you feel **purposeful and able to act on what matters to you**, and tasks that usually feel like a drag become easier to start. Your practical energy is flowing, so this is a good time to tackle projects at work or home that need your direct effort and attention. Over the coming weeks, you're likely to notice people respond better to your straightforward approach and genuine confidence.

♃ Jupiter **□** Square ♁ natal Uranus

You're feeling restless and impatient with your usual routines, and you're more likely to make sudden decisions without thinking through the consequences. **Your need for freedom is clashing with your responsibilities**, making it hard to stick to commitments or plans. Over the coming weeks, you may experience practical disruptions—cancelled plans, unexpected changes, or your own impulsive actions—that force you to rebuild some stability afterward.

♃ Jupiter **qx** Quincunx ☾ natal Moon

Over the coming weeks you may feel pulled between wanting more comfort and feeling restless with your current situation. Your emotional needs don't quite match what's actually available to you right now, so you keep adjusting your expectations without getting settled. This **mild discomfort with routine** often pushes you to make small changes in how you manage your home or relationships, even if you're not entirely sure what you want.

☉ Sun **□** Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun □ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☉ Sun △ Trine ♇ Pluto

These days you find it easier to **face difficult truths about yourself without falling apart**. You can look at your mistakes and weaknesses directly, then decide what to actually change instead of avoiding the problem. This psychological clarity helps you make real improvements in how you work, relate to others, or handle money.

LUNAR DAY

Moon in ♌ Leo · Day 8 / 30 · Waxing Crescent

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.

CLOTHING & JEWELRY
