KEY TRANSIT FACTORS

♇ Pluto ☾ Semi sextile ☿ natal Mercury

Your thinking becomes **sharper and more direct** while this transit is active, and you find yourself cutting through confusion to get to what actually matters. People respond well to your communication right now because you speak with real conviction and skip the unnecessary parts. Over the coming weeks, you may notice conversations go deeper than usual and that others take your words seriously.

♀ Venus * Sextile ♀ natal Venus

You feel more **at ease in social situations** right now, and other people pick up on this relaxed confidence. Your conversations flow more naturally, and you find yourself saying yes to invitations you might normally skip. This is a good window to deepen friendships, start something romantic, or simply enjoy being around the people you care about without the usual self-doubt.

♃ Jupiter △ Trine ♁ natal Uranus

Over the coming weeks, you'll find yourself more willing to take practical risks and try new approaches without the usual anxiety holding you back. Your mind works faster than normal, and you spot solutions others miss because you're not stuck in old habits. This is a good time to pitch ideas at work, start something you've been putting off, or reorganize your life in ways that actually feel liberating instead of chaotic.

♁ Uranus ♂ Conjunction ♁ natal Chiron

You're noticing old patterns or habits that no longer work, and you feel a sudden urge to break free from them rather than manage them as you usually do. This impulse to change can feel **urgent and restless**, making it hard to stick with your usual coping methods. Over the coming weeks, you may find yourself experimenting with completely different approaches to problems you thought you had figured out.

☿ Mercury □ Square ♇ natal Pluto

Right now your conversations tend to become intense and you dig into uncomfortable truths that others would rather leave alone. You feel compelled to **expose hidden motives and hidden problems**, which makes people defensive or angry with you. Over the coming weeks, this blunt way of communicating will cost you socially unless you learn to hold back what you think.

♂ Mars Rx · II Gemini

Energy scatters across too many directions right now, making sustained effort on a single goal unusually difficult. Arguments or miscommunications can flare up without clear cause, and the frustration of divided attention builds quickly. Choose one or two priorities and protect them from the rest during this period.

☉ Sun ☾ Semi sextile ☾ Moon

These days you find it easier to **act on what you actually feel** instead of second-guessing yourself. Your emotional reactions and your practical choices line up more naturally, so you waste less energy fighting your own instincts. This makes conversations smoother and decisions quicker because you're not pulling yourself in opposite directions.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☾ Moon * Sextile ♃ Jupiter

Right now you find it easier to talk about what you actually need and have people listen without defensiveness. Your **emotional honesty feels safer**, and others respond by being more generous and accepting in return. This creates a practical benefit: conversations that might normally stall or get complicated tend to move forward into real understanding.

LUNAR DAY

Moon in ♒ Aquarius · Day 3 / 30 · New Moon

Emotional detachment increases these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
