KEY TRANSIT FACTORS

♂ Mars △ Trine ☾ natal Moon ★

Right now you're noticing that your **gut feelings guide you toward action without hesitation**, and other people respond well to this directness. What usually takes you weeks to decide feels clear and doable in a matter of days. Over the coming weeks, you'll likely tackle practical tasks and conversations that have been sitting on your to-do list, because your emotional confidence and motivation are running in sync.

♂ Mars □ Square ♃ natal Mercury

Right now you're more **quick to argue and interrupt** without thinking through what you're about to say. Your impatience makes it harder to listen, so conversations turn combative when they don't need to be. Over the coming weeks, you'll notice this pattern most at work or with people who challenge your ideas, and stopping to take a breath before you speak will save you real conflicts.

♃ Jupiter □ Square ♀ natal Venus

Right now you are **overestimating what others feel about you**, which makes you push harder for approval or affection than is actually welcome. You may spend more money on gifts or experiences hoping to win someone over, or say too much too soon in a new relationship because you feel so confident about the connection. When the other person does not respond with the same enthusiasm, you feel rejected and confused about where things went wrong.

♃ Mercury □ Square ♁ natal Chiron

While this lasts, you find yourself **rehashing old hurts in conversations** without meaning to. You say things that accidentally trigger people or bring up painful topics you thought you'd moved past. This period can feel frustrating because your words seem to land wrong, even when you're trying to help or connect.

♁ NNode ∟ Semi sextile ♇ natal Pluto

Over the coming weeks, you find it easier to **speak up about what you actually want** instead of staying quiet to keep the peace. Small conversations that would normally feel risky now feel manageable, and people respond better than you expected. This is a good time to set a boundary you have been putting off or to tell someone what you really think.

♃ Mercury Rx · ♌ Leo

Self-expression feels less fluid right now and there is a tendency to overthink how you come across to others. Conversations about recognition, creative projects, or past performances may resurface during this period. Creative work benefits more from revision than from new starts right now.

♀ Venus Rx · ♌ Leo

The need for admiration and recognition in relationships surfaces more strongly right now, sometimes in ways that surprise you. Past romantic connections or unresolved questions about self-worth may return during this period. Examining what you genuinely offer in relationships is more useful than seeking external validation.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun * Sextile ♁ Uranus

These days you feel more willing to try something different without the usual fear holding you back. You might suggest a new idea at work, change your routine, or say no to something that no longer fits. This **relaxed openness to change** makes it easier to break old patterns while still feeling grounded enough to actually follow through.

☿ Mercury ♂ Conjunction ♀ Venus

These days you find it easier to say what you actually mean without sounding harsh or defensive. Your **words feel more natural and people listen differently** when you speak, which makes conversations flow instead of turning into arguments. This period is good for talking through disagreements, asking for what you want, or telling someone you care about them.
