KEY TRANSIT FACTORS

☉ Sun △ Trine ♅ Uranus ★

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

♃ Jupiter ∟ Semi sextile ♆ natal Neptune

Over the coming weeks, you'll find it easier to **notice small details others miss** and pick up on what people really mean when they talk. Your intuition is quieter than usual but more reliable, so you can trust those gut feelings about situations or other people. This is a good time to act on creative ideas or make sense of something confusing because your mind is unusually clear right now.

♁ NNode ∟ Semi sextile ♅ natal Uranus

Over the coming weeks, you find it easier to **try new things without overthinking them**, and people around you seem to notice your willingness to experiment. Your practical side stays intact while your curiosity pushes you to take small risks in familiar areas like work routines or social habits. This is a good time to test out ideas you've been sitting on, because you have just enough caution mixed in with your adventurous streak to actually make something of them.

♄ Saturn □ Square ♄ natal Saturn

You feel **blocked and frustrated** by rules and limits that suddenly feel too tight, whether at work or in your own routines. Everything takes longer than it should right now, and you are likely to doubt whether you have what it takes to reach your goals. These feelings are real but temporary, and pushing harder against the resistance usually backfires, so your best move is to slow down and rebuild your structure piece by piece.

♁ Chiron qx Quincunx ♆ natal Neptune

Right now you are noticing gaps between what you believe about yourself and how you actually behave in stressful moments. You might find yourself **acting more defensively or withdrawn than you expect**, especially when someone questions your motives or judgment. These days the disconnect feels awkward rather than painful, but it is pushing you to pay closer attention to where your ideals do not match your real actions.

♄ Saturn □ Square ♃ natal Jupiter

Right now you are running into real limits on plans you thought were solid, and it feels frustrating because you expected things to move faster. Your natural **optimism about what's possible hits a wall**, and you have to sit with delays, rejections, or the plain fact that something costs more than you budgeted. Over the coming weeks, this friction between your hopes and actual circumstances forces you to get honest about what you can actually do, which is uncomfortable but necessary.

♄ Saturn Rx · ♋ Cancer

The structures that support emotional security — family obligations, domestic arrangements, and habitual patterns of care — are being reassessed right now. Boundaries in close relationships may feel either too rigid or insufficiently maintained. Honest reflection on what genuinely sustains you yields more now than seeking external reassurance.

☉ Sun △ Trine ♄ Saturn

These days you find it easier to follow through on what you say you will do, and people notice your **reliability**. Work feels less overwhelming because you can break tasks into realistic steps instead of getting stuck in your own way. The practical support is there if you use it — the *Sun* trine *Saturn* makes real effort pay off in real results.

☉ Sun ♂ Conjunction ♁ NNode

Right now you feel drawn toward activities and people that match who you actually are rather than who you think you should be. This creates a practical opportunity to make small choices that align better with your real interests and strengths. These days many people find themselves being more direct about what they want, which can clear the air in relationships and work situations.

LUNAR DAY

Moon in ♌ Leo · Day 24 / 30 · Last Quarter

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
