KEY TRANSIT FACTORS

☿ Mercury ∠ Semi sextile ☉ natal Sun · peak 25 Feb ★

Right now your thinking becomes **clearer and more practical**, making it easier to solve small problems without getting tangled up in details. You notice yourself communicating more directly with people around you, which helps conversations flow better and cuts down on misunderstandings. Over the coming weeks, this mental clarity gives you a quiet confidence to handle tasks you've been putting off or thinking about too much.

☿ Mercury ∠ Semi sextile ♂ natal Mars · peak 27 Feb ★

Your thoughts are moving faster than usual right now, and you're picking up on details that normally slip past you. You find yourself more **decisive in conversation**, able to speak up about what you want without overthinking it. This is a good window to tackle practical problems or have direct talks you've been putting off, because your mind and your drive are working together smoothly.

☿ Mercury qx Quincunx ☾ natal Moon · peak 28 Feb ★

Right now your thoughts and your feelings are working at cross purposes, so you say one thing while sensing something different underneath. You might find yourself explaining yourself repeatedly to people because your words do not quite match what you actually feel, creating **awkward misunderstandings in conversations**. Over the coming weeks, paying attention to this gap between what you think and what you feel will help you communicate more clearly.

♁ NNode * Sextile ♅ natal Uranus · peak 26 Feb

Over the coming weeks, you find it easier to **act on unusual ideas without second-guessing yourself**. You spot opportunities to do things differently in practical ways — a new work method, a social connection, or a creative experiment — and you move forward with genuine confidence instead of doubt. This is a good time to test something you've been curious about because your instinct for what actually works feels sharp and reliable right now.

♁ NNode * Sextile ☾ natal Moon · peak 5 Feb

These days you're naturally **more comfortable opening up to people** about what you actually feel instead of keeping things hidden. Your emotional honesty tends to create real connection rather than awkwardness, and others respond by being honest back. Over the coming weeks, this straightforward way of relating makes your relationships feel less exhausting and more genuine.

♃ Jupiter Δ Trine ♄ natal Saturn · peak 22 Feb

You find it easier right now to follow through on plans you've been putting off because **you're motivated without feeling rushed**. Your confidence in what you can actually do grows, so you stop second-guessing yourself and just move forward. Over the coming weeks, this steadiness pays off—projects gain real momentum and you see concrete results.

♃ Jupiter ♁ Opposition ♃ natal NNode · peak 28 Feb

Over the coming weeks, you're likely to **overcommit yourself** and take on more than you can realistically handle. Your usual sense of what fits your life gets temporarily skewed, and you end up saying yes to opportunities that pull you away from what actually matters to you. This period asks you to notice where you're spreading yourself too thin and to start saying no more often.

♃ Jupiter △ Trine ♃ natal Jupiter · peak 19 Feb

While this lasts, you feel naturally **confident in your own judgment**, and opportunities tend to show up without you forcing them. People respond well to you right now because you're genuinely relaxed about where things are headed. Over the coming weeks, trust your instincts about what's worth your time—your sense of what matters is especially clear.

♆ Neptune * Sextile ♃ natal Mars · peak 28 Feb

You find yourself **acting on your goals with less resistance and more creative confidence** while this transit lasts. Your usual drive to push forward softens into something more intuitive, and you accomplish things by feeling your way through obstacles rather than bulldozing past them. Over the coming weeks, people respond better to this quieter approach, and you discover that backing off the gas pedal actually gets you further.

♅ Uranus △ Trine ♃ natal Jupiter · peak 28 Feb

You are feeling unusually **open to new possibilities** and willing to try things you normally wouldn't consider. Your confidence is high right now, and you're noticing opportunities appear without you having to force them—people invite you to things, conversations lead somewhere unexpected, or a practical problem suddenly has a solution you hadn't seen before. This period supports taking calculated risks or making changes you've been thinking about, because your instinct for what will actually work is sharp.

♄ Saturn ♁ Opposition ♃ natal Jupiter · peak 28 Feb

Right now you're running into real limits on your optimism and spending habits. You feel **more cautious and doubtful** about plans that seemed exciting weeks ago, and money or time constraints are forcing you to scale back. This friction between your natural confidence and harsh reality is uncomfortable, but it's pushing you to be honest about what you can actually do instead of what you wish you could do.

♆ Neptune ∟ Semi sextile ☿ natal Mercury · peak 1 Feb

Right now your thinking becomes **more flexible and open to new ideas**, and you find yourself noticing details you usually miss in conversations and written information. Your mind feels more creative when problem-solving, and you're less likely to dismiss unusual suggestions out of hand. Over the coming weeks, this softer mental state helps you communicate in a gentler way and pick up on what people really mean underneath their words.

♅ Uranus △ Trine ♄ natal Saturn · peak 28 Feb

Right now you can spot problems in your routines and systems without getting defensive about changing them. You feel **willing to experiment with practical improvements** while keeping what actually works. This is a rare window where your instinct for stability supports your curiosity about doing things differently.

♄ Chiron □ Square ♀ natal Moon · peak 28 Feb

Right now you're more aware of emotional wounds you usually ignore, and that awareness feels uncomfortable rather than helpful. You might find yourself **withdrawing from people or snapping at them unexpectedly** because your usual emotional coping methods aren't working. Over the coming weeks, this friction is pushing you to look at how you actually handle upset instead of just moving past it.

♄ Saturn ♁ Opposition ♄ natal Saturn · peak 28 Feb

You're running into **resistance from people in authority or from your own past commitments** right now, and it feels like the ground is shifting under you. What used to work—your routines, your long-term plans, the way you've always managed things—suddenly feels outdated or too restrictive. Over the coming weeks, you'll need to rebuild your approach to discipline and responsibility, which means letting go of some habits that no longer serve you, even though that discomfort is real and legitimate.

KEY DATES

Sat, 1 Feb ☿ Chiron □ Square ☽ natal Moon

Mon, 3 Feb ♀ Venus enters ♒ Aquarius

Venus in *Aquarius* makes people **less interested in traditional relationship rules** and more drawn to friends, group settings, or unconventional arrangements. In practice, you might notice yourself **valuing independence and honesty** over romantic gestures, or finding that casual friendships suddenly feel more appealing than intense one-on-one bonds. At work and in daily life, this transit brings a **cooler, more detached approach** to money and socialising—you'll likely spend less on impulsive buys and prefer people who let you do your own thing.

Wed, 5 Feb ♁ NNode * Sextile ☽ natal Moon

Thu, 6 Feb ♂ Mars stations Retrograde

Mars stationing retrograde often brings **delays and restarts** in projects, work deadlines, and physical activities—things that felt urgent suddenly move slower or need reworking. People commonly notice they feel less pushy, more willing to **reconsider decisions** they made before, and sometimes **old conflicts or rivalries** come back up that need settling. In practical terms, this is a good time to **revise plans** rather than launch new ones, fix broken equipment, and handle any pending arguments you've been avoiding.

Sat, 8 Feb New Moon in Aquarius

Sun, 9 Feb ☿ Mercury enters ♒ Aquarius

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Fri, 14 Feb ☿ Chiron stations Retrograde

Chiron stationing retrograde tends to bring **old wounds or insecurities back into focus**, making you notice patterns you thought you'd moved past—in relationships, work, or how you handle rejection. During this period, **progress on healing or learning slows down**, and you may find yourself revisiting past failures or setbacks rather than moving forward with new skills or confidence. In practical terms, this is a good time to **review what didn't work before** and adjust your approach, though expect frustration if you're trying to push ahead quickly.

Sun, 16 Feb ♁ NNode * Sextile ☽ natal Uranus

♆ Neptune * Sextile ♂ natal Mars

♁ Uranus △ Trine ♃ natal Jupiter

Wed, 19 Feb ☉ Sun enters ♓ Pisces

♃ Jupiter △ Trine ♃ natal Jupiter

The Sun moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

Sat, 22 Feb Full Moon in Virgo

♃ Jupiter △ Trine ♄ natal Saturn

Wed, 26 Feb ♃ NNode ✖ Sextile ♅ natal Uranus

Thu, 27 Feb ♀ Venus enters ✖ Pisces

Venus in *Pisces* makes people **softer and more forgiving** in how they treat others, so you might find yourself saying yes to requests you'd normally turn down or letting old arguments go without needing to rehash them. In relationships and work, this transit brings **less direct communication** — people get quieter, drop hints instead of asking straight out, and assume others understand what they want without saying it. *Venus* here also pulls attention toward **feeling appreciated through small gestures** like a text check-in or someone remembering how you take your coffee, rather than big declarations or expensive gifts.

Fri, 28 Feb ☿ Mercury enters ✖ Pisces

♃ NNode enters ♍ Virgo

♃ Jupiter ☌ Opposition ♃ natal NNode

♆ Neptune ✖ Sextile ☌ natal Mars

♅ Uranus △ Trine ♃ natal Jupiter

♄ Saturn ☌ Opposition ♃ natal Jupiter

♅ Uranus △ Trine ♄ natal Saturn

♄ Chiron □ Square ☽ natal Moon

♄ Saturn ☌ Opposition ♄ natal Saturn

Mercury in *Pisces* makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.
