KEY TRANSIT FACTORS

♀ Venus ☌ Semi sextile ☽ natal Uranus

While this lasts, you feel more comfortable being yourself around people instead of playing a role. You might suddenly be drawn to friends or partners who actually get your quirks rather than those who want you to fit in. This small shift gives you permission to relax and enjoy connections where you don't have to pretend.

♁ Chiron ☐ Square ☽ natal Uranus

Right now you feel caught between wanting to break free and being afraid of what comes next. **You act impulsively without thinking through the consequences**, then immediately regret decisions you've made about your independence or your unconventional plans. Over the coming weeks, expect friction in areas where you've been trying to be different or rebel against expectations, because part of you still doubts whether the change is actually right for you.

♇ Pluto ☒ Quincunx ♁ natal Chiron

You're noticing that old defensive patterns are not working the way they used to, and this discomfort is forcing you to pay attention to how you protect yourself emotionally. **You feel pressure to change something**, but the exact solution isn't clear yet, so you're stuck between what you know and what might work better. Over the coming weeks, this awkward feeling is actually pointing you toward a more honest way of handling your own pain and the pain you see in others.

♅ Uranus ☌ Semi sextile ♃ natal Jupiter

These days you're picking up on new possibilities that others around you haven't noticed yet, and your **natural optimism makes you willing to try them**. A small opportunity in work or learning might appear suddenly, and you'll have the confidence to act on it without overthinking the risks. Over the coming weeks, this forward momentum helps you feel less stuck in old routines and more curious about what comes next.

♀ Venus ☒ Quincunx ☉ natal Sun

These days you feel **slightly out of sync with what you normally want**, making social and romantic situations feel awkward even when they shouldn't. You might attract attention from others but struggle to enjoy it the way you usually do, or find yourself wanting closeness while also wanting space. This mismatch between your confidence and your social comfort will ease once this period passes.

☉ Sun ☌ Conjunction ☾ Moon

These days you feel more **aligned between what you want and what you feel**. Your emotional needs and your sense of direction match up, so you act with fewer doubts and less second-guessing yourself. This is a practical advantage when you need to make a choice or move forward on something that matters to you.

☉ Sun ☐ Square ♆ Neptune

Right now you are likely to **confuse what you want with what you imagine you want**, making it hard to set realistic goals or stick to decisions. People around you may seem unreliable or evasive, and you might notice yourself doing the same thing without meaning to. This period asks you to slow down and write things down before acting, because your usual sense of what is real gets cloudy.

☉ Sun ☐ Square ♁ NNode

These days you feel pulled between who you are right now and who you think you should become, and this gap creates real frustration. You might **resist feedback or advice** because accepting it feels like admitting you are not enough as you are. The practical result is that growth happens anyway, but it costs you energy and confidence in the short term.

LUNAR DAY

Moon in ♐ Sagittarius · Day 30 / 30 · Waning Crescent

Restlessness with routine increases during this transit, and the desire to break out of familiar patterns grows. Opinions get expressed more freely and with less filtering for the next day or two.
