KEY TRANSIT FACTORS

♅ Uranus ☐ Square ♃ natal Jupiter ★

Right now you are restless with your current plans and want to scrap them for something completely different, even when things are working reasonably well. You feel **impatient with limits** and may make sudden decisions about money, education, or travel that you have not fully thought through. Over the coming weeks, impulsive moves could create real practical problems that take time to fix.

☉ Sun ∟ Semi sextile ♀ Venus ★

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

♅ Uranus ♁ Quincunx ♂ natal Mars

Your usual way of pushing forward or getting things done feels slightly off right now, like your timing is consistently a beat late or your efforts land awkwardly. You might find yourself **starting projects with energy but then stopping to rethink your approach** halfway through, which can be frustrating if you're used to just powering through. Over the coming weeks, the practical answer is to build in extra adjustment time and expect that your first attempt at something physical or competitive may need a revision.

☾ Moon ♂ Conjunction ♃ natal Mercury

Your thoughts feel more connected to what you're actually feeling right now, making conversations easier and more honest. You'll notice you're **talking more openly about personal things** and people seem to understand you better without needing explanations. Over the coming weeks, this natural flow between your mind and emotions will fade, so use it while you have it to sort out anything you've been holding back.

♄ Saturn ♂ Conjunction ♁ natal Chiron

Right now you are **taking your old hurts more seriously** instead of brushing past them. You might find yourself wanting to understand where your sensitivities came from, or noticing that certain situations trigger you in ways you have not examined before. This period asks you to stop and look at what actually bothers you, rather than just moving forward as you normally do.

♃ Jupiter * Sextile ♃ natal Jupiter

Right now you're feeling **naturally confident about your abilities**, and opportunities seem to come your way with less effort than usual. You're more likely to say yes to things, take on new projects, or expand something that's already working in your life. Over the coming weeks, this optimism tends to be grounded enough that your decisions pay off rather than lead you astray.

› Moon ☾ Quincunx ♀ Venus

Right now your emotional needs and what you want socially are slightly out of sync, so you might feel pulled in two directions. You could notice yourself wanting comfort and closeness at times when you'd rather stay independent, or the opposite. This **mismatch between feeling and wanting** is temporary, and noticing it is the first step to working with it instead of against it.

› Moon ☾ Square ♂ Mars

These days you're more likely to act on frustration before you think it through, and small annoyances can feel urgent and demanding. **Your emotional reactions move faster than your good judgment**, so conversations with others can turn sharp or heated quickly. This period pushes you to notice the gap between what you feel and what actually needs to happen right now.
