KEY TRANSIT FACTORS

♅ Uranus ☐ Square ♃ natal Jupiter · peak 29 Feb ★

Right now you are restless with your current plans and want to scrap them for something completely different, even when things are working reasonably well. You feel **impatient with limits** and may make sudden decisions about money, education, or travel that you have not fully thought through. Over the coming weeks, impulsive moves could create real practical problems that take time to fix.

♃ Jupiter ∟ Semi sextile ♅ natal Uranus · peak 14 Feb

Over the coming weeks, you feel **more willing to try new approaches** without abandoning what already works for you. Small opportunities for practical change show up in your routines, and you have the confidence to test them out. This is a good time to experiment with a new habit or way of doing something because the risk feels manageable and the potential payoff feels real.

♃ Jupiter qx Quincunx ☉ natal Sun · peak 13 Feb

Over the coming weeks, you feel pulled toward bigger plans or ambitions but find the timing awkward — what looks promising on paper doesn't fit smoothly into your actual life right now. You may **start projects with real enthusiasm only to realize they need reworking** once you see how they actually slot into your schedule or resources. This period asks you to adjust your expectations rather than push forward unchanged, and that kind of practical recalibration takes patience.

♃ Jupiter ♂ Conjunction ♂ natal Mars · peak 27 Feb

You feel **more confident taking action** on things you've been putting off, and people respond to your directness right now. Your appetite for challenge increases, whether that's physical activity, competitive situations, or just pushing yourself harder at work. Over the coming weeks, watch that you don't overcommit or mistake eagerness for actual readiness, because this boost is temporary.

♃ Jupiter * Sextile ♃ natal Jupiter · peak 19 Feb

Right now you're feeling **naturally confident about your abilities**, and opportunities seem to come your way with less effort than usual. You're more likely to say yes to things, take on new projects, or expand something that's already working in your life. Over the coming weeks, this optimism tends to be grounded enough that your decisions pay off rather than lead you astray.

♅ Uranus qx Quincunx ♂ natal Mars · peak 29 Feb

Your usual way of pushing forward or getting things done feels slightly off right now, like your timing is consistently a beat late or your efforts land awkwardly. You might find yourself **starting projects with energy but then stopping to rethink your approach** halfway through, which can be frustrating if you're used to just powering through. Over the coming weeks, the practical answer is to build in extra adjustment time and expect that your first attempt at something physical or competitive may need a revision.

♄ Saturn ☿ Conjunction ♄ natal Chiron · peak 16 Feb

Right now you are **taking your old hurts more seriously** instead of brushing past them. You might find yourself wanting to understand where your sensitivities came from, or noticing that certain situations trigger you in ways you have not examined before. This period asks you to stop and look at what actually bothers you, rather than just moving forward as you normally do.

♄ Chiron ☿ Semi sextile ♄ natal Chiron · peak 1 Feb

You find yourself more willing to talk about things that normally feel difficult or private, and people respond better than you expected. This period brings a quieter kind of confidence where you stop pretending everything is fine and actually **admit what you struggle with**. Small conversations about real problems start to shift how you feel about yourself and what you thought you had to hide.

♁ NNode ♁ Quincunx ♄ natal Chiron · peak 1 Feb

Over the coming weeks, you may notice that **old insecurities are surfacing in new situations**, especially when you are trying something unfamiliar. You feel aware of your weak spots but also slightly out of sync with how to address them. This mismatch between knowing what bothers you and knowing how to move forward can make practical decisions feel awkward or indirect.

♅ Uranus ☿ Semi sextile ♀ natal Venus · peak 1 Feb

You're noticing small but real shifts in how you present yourself socially these days. You feel a bit more willing to try a different style, say something unexpected, or connect with people outside your usual circle. This **gentle openness to change** in your relationships and self-expression comes without pressure, so you can experiment and see what actually fits.

♃ Jupiter ☿ Opposition ♀ natal Venus · peak 29 Feb

Right now you're spending money and making commitments faster than usual, and you're not feeling satisfied no matter what you get. You might overextend yourself socially or financially because you keep thinking the next thing will finally feel like enough. This period pushes you to notice where you're using purchases or relationships to fill an emotional gap that actually needs something else.

♆ Neptune * Sextile ♄ natal Chiron · peak 29 Feb

These days you find it easier to talk about things that have hurt you in the past without getting stuck in the story. You're **more willing to listen to others' pain** without trying to fix it or turn it into advice. This shift happens naturally right now, making conversations with people you care about feel more genuine and less exhausting.

♇ Pluto ☿ Trine ♄ natal Chiron · peak 29 Feb

You find yourself **naturally helping others with their struggles** right now, and people seem to trust you more easily than usual. Your own past difficulties suddenly feel less raw, which frees up your attention to actually listen and support the people around you. Over the coming weeks, this practical compassion becomes one of your strengths rather than something that exhausts you.

♃ Jupiter ♁ Quincunx ♄ natal Chiron · peak 1 Feb

You find yourself **overestimating what you can help others fix**, especially in situations where someone else needs to do their own work. Your confidence in giving advice or support grows, but you often miss the signs that people need to figure things out themselves. Over the coming weeks, you may feel frustrated when your generous efforts don't produce the results you expected.

♅ Uranus ☿ Opposition ♅ natal Uranus · peak 29 Feb

Right now you're feeling restless with your current situation and want to break free from something, but you're not sure what or how to do it safely. You might push back against rules or routines that actually serve you, or make sudden changes that create more instability rather than solving real problems. **The unpredictability cuts both ways** — while you crave more freedom, you're also becoming less reliable to the people who depend on you, and that friction is hard to avoid over the coming weeks.

♄ Saturn Rx · ♊ Gemini

Mental discipline and consistency in communication are being tested right now. Projects that require sustained intellectual effort may expose areas where your commitment has been shallow. Returning to half-finished work rewards you more during this period than starting fresh.

LUNATIONS

● New Moon · Wednesday, 11 Feb

in ♒ Aquarius

innovation, social ideals, future direction

in H12 — Inner Life & Solitude

A new cycle is beginning in the hidden, private areas of your life. This lunation brings **inner work, spiritual renewal, and a clearing of old burdens** to the foreground. What you choose to let go of, process, or release over the coming weeks will free up significant inner resources. Solitude, contemplation, and honest self-examination are more productive than external activity right now. Trust what surfaces from beneath the surface — it's asking to be acknowledged.

○ Full Moon · Wednesday, 25 Feb

in ♌ Leo

recognition, drama, creative culmination

in H6 — Health & Service

A health situation or work matter is coming to a head. Something in your **daily routines, workplace dynamics, or physical wellbeing** can no longer be deferred — it needs attention and resolution. Overwork, health imbalances, or conflicts with colleagues become impossible to ignore under this full moon. This is the moment to address what your body has been signaling, complete a work project, or acknowledge a work dynamic that isn't sustainable.

KEY DATES

Sat, 7 Feb ♂ Mars enters ♈ Aries

Mars in Aries brings **directness and speed** to how people push for what they want, whether at work or in conversations. You'll notice people **act faster** on decisions and speak up more bluntly instead of holding back, which can get things done quickly but also create friction if someone feels steamrolled. In practical terms, this is when **competition heats up** — at the gym, in meetings, on projects — and people have less patience for delays or obstacles.

Wed, 11 Feb New Moon in Aquarius

Thu, 12 Feb ☿ Mercury enters ♋ Pisces

Mercury in Pisces makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.

Mon, 16 Feb ♀ Venus enters ♒ Aquarius

♄ Saturn stations Direct

♄ Saturn ♂ Conjunction ♁ natal Chiron

Venus in Aquarius makes people **less interested in traditional relationship rules** and more drawn to friends, group settings, or unconventional arrangements. In practice, you might notice yourself **valuing independence and honesty** over romantic gestures, or finding that casual friendships suddenly feel more appealing than intense one-on-one bonds. At work and in daily life, this transit brings a **cooler, more detached approach** to money and socialising—you'll likely spend less on impulsive buys and prefer people who let you do your own thing.

Thu, 19 Feb ☼ Sun enters ♋ Pisces

♃ Jupiter * Sextile ♃ natal Jupiter

The Sun moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

Mon, 23 Feb ♄ Saturn ♂ Conjunction ♁ natal Chiron

Wed, 25 Feb Full Moon in Leo
