KEY TRANSIT FACTORS

♀ Venus ☌ Semi sextile ☉ natal Sun · peak 30 May ★

These days you feel **more comfortable being yourself around others**, and people respond well to that ease. You're not trying as hard to impress anyone, which actually makes your conversations flow better and your relationships feel less strained. This small shift in *Venus* supporting your *Sun* won't solve everything, but it gives you a genuine advantage in how you present yourself while it lasts.

♁ NNode * Sextile ☿ natal Mercury · peak 31 May

Over the coming weeks, you find it easier to say what you actually think instead of holding back. Your conversations feel more natural and people seem to listen better when you speak. This period supports **clearer communication**, especially about topics that matter to you, as *the North Node* smooths the way for *Mercury* to work at its best.

♄ Chiron ☌ Quincunx ♇ natal Pluto · peak 2 May

You feel pulled between wanting to fix something about yourself and realizing you can't force the change right now. This mismatch shows up as **restlessness in situations where you normally feel in control**, whether at work or in close relationships. Over the coming weeks, the discomfort itself is actually useful—it's pointing you toward a part of your life that needs a different approach than you've been taking.

♆ Neptune ☐ Square ♂ natal Mars · peak 10 May

Right now your usual drive and confidence feel blurred, making it hard to know what you actually want versus what you think you should do. You may **start projects you abandon halfway through, or lose the will to push forward on things that normally matter to you**. This fog around your own direction lasts a few weeks and can leave you frustrated with yourself for lacking the usual clarity.

♄ Chiron ☌ Opposition ♄ natal Saturn · peak 9 May

Right now you're feeling the gap between what you think you should be able to handle and what actually feels manageable, which makes everyday tasks feel heavier than usual. You may become **unusually self-critical about your limitations**, noticing where you fall short of your own standards and being harder on yourself than you normally are. Over the coming weeks, people close to you might interpret this as withdrawn or pessimistic, when really you're just confronting how much pressure you've been putting on yourself to stay in control.

♃ Jupiter ☌ Opposition ♇ natal Pluto · peak 20 May

You're running into situations where your confidence in yourself collides head-on with other people's resistance or control attempts. **You're more likely to push back against anyone who feels threatening**, which can escalate conflicts that might have stayed small. While this lasts, you'll notice that your usual way of managing power dynamics stops working, and you may feel forced to choose between backing down or fighting harder than you normally would.

♁ Chiron ☿ Quincunx ♃ natal Neptune · peak 2 May

Right now you are noticing gaps between what you believe about yourself and how you actually behave in stressful moments. You might find yourself **acting more defensively or withdrawn than you expect**, especially when someone questions your motives or judgment. These days the disconnect feels awkward rather than painful, but it is pushing you to pay closer attention to where your ideals do not match your real actions.

♄ Saturn ☿ Conjunction ☾ natal Moon · peak 24 May

You're feeling more **serious and withdrawn** right now, and your usual emotional needs feel heavier than normal. You might notice you're less interested in socializing or seeking reassurance, and instead you want to handle things alone and think things through carefully. This period pushes you to look at your emotional life more honestly, even if it feels uncomfortable or makes you seem quieter than usual.

♃ Jupiter △ Trine ♃ natal Neptune · peak 20 May

Over the coming weeks, you find it easier to **believe in your own ideas** without needing constant proof or reassurance. Your imagination feels more practical right now, and you can turn vague daydreams into actual plans that other people take seriously. This is a good time to pitch something creative or intuitive that you've been sitting on, because people around you are more receptive to what you're offering.

♃ Jupiter ☿ Quincunx ♄ natal Saturn · peak 22 May

Over the coming weeks, you feel caught between wanting to expand and needing to play it safe. You might say yes to an opportunity at work or in a relationship, then immediately feel anxious about whether you can actually handle it. **This creates a practical tension where you're pulling yourself in opposite directions**, making it hard to commit fully to new plans or let yourself relax into them.

♃ Jupiter □ Square ☾ natal Moon · peak 4 May

Right now you feel **emotionally restless and dissatisfied** with situations that normally comfort you, like time with family or your home routine. You might overcommit yourself or make promises you cannot keep because your judgment about what you can actually handle is off. Over the coming weeks, this mismatch between what you want and what is realistic creates friction in your personal relationships and leaves you feeling bloated rather than nourished.

♅ Pluto △ Trine ☼ natal Sun · peak 20 May

Right now you feel **less afraid to make real changes** in your life, and people respond to this quiet confidence. You stop waiting for permission and start acting on decisions you've been sitting with for months. Over the coming weeks, you'll notice doors opening because you're finally moving forward instead of second-guessing yourself.

♁ Lilith ☿ Conjunction ♃ natal Uranus · peak 1 May

You're feeling a stronger urge to break away from rules or expectations that usually bind you, and you're more willing to act on that impulse without planning ahead. Your **need for independence suddenly feels urgent**, and you might say or do things that surprise people who know you as reliable. Over the coming weeks, situations that felt settled may shift quickly as you test new boundaries in your relationships or work.

♅ Pluto * Sextile ♃ natal Uranus · peak 20 May

Right now you find yourself **willing to act on ideas you've been sitting with for months**, and the practical timing seems to line up surprisingly well. You're more comfortable than usual taking small risks or changing routines that no longer work, and people around you notice you seem decisive instead of stuck. These days this period gives you real momentum to experiment with new approaches in your work or daily habits without the usual second-guessing holding you back.

♃ Neptune □ Square ♀ natal Venus · peak 31 May

Right now you are **drawn to people and situations that are not what they seem**, and you will likely regret the time and money you invest in them. *Neptune* is blurring your judgment about what you actually want from relationships and what others can realistically give you. Over the coming weeks, pay close attention to the gap between the promises people make and what they actually deliver, because your usual ability to read a situation is temporarily offline.

LUNATIONS

● New Moon · Tuesday, 8 May

in ♉ Taurus

material foundations, slow build, stability

in H3 — Communication & Learning

Your mind is ready for new inputs and your communication style is shifting. This is an excellent time to **start a course, launch a project involving writing or speaking**, or open honest conversations with people in your immediate environment. Short trips, new learning experiences, and reconnecting with siblings or neighbors may carry unusual significance now. What you plant in conversation and learning at this point will take root in meaningful ways.

in ♏ Scorpio

hidden truths, emotional intensity, power shift

in H9 — Expansion & Beliefs

A belief, journey, or educational matter is reaching its culmination. Something you've been learning, travelling toward, or coming to believe is now **reaching a point of clarity or completion**. A trip may end or reach its destination. A long-held belief may be challenged or confirmed. This full moon illuminates your relationship with truth, freedom, and meaning — what expands you and what has been keeping you intellectually or spiritually confined.

KEY DATES

Tue, 1 May ♁ Lilith ♂ Conjunction ♂ natal Uranus

Fri, 4 May ♃ Jupiter ☐ Square ♀ natal Moon

Tue, 8 May New Moon in Taurus

Wed, 9 May ♄ Chiron ♂ Opposition ♄ natal Saturn

Thu, 10 May ♆ Neptune ☐ Square ♂ natal Mars

Sat, 12 May ♄ Saturn enters ♌ Leo

Saturn in *Leo* brings **slower progress on projects** that need real structure — you'll notice deadlines matter more and half-finished work gets called out. In relationships and at work, people tend to **expect you to back up what you say** with actual results, not just talk or charm. Over the next few years, **building something solid** — a skill, a reputation, or trust with others — requires showing up consistently, even when it feels boring or unrewarding.

Sun, 13 May ♇ Pluto △ Trine ☉ natal Sun

♄ Saturn ♂ Conjunction ♀ natal Moon

Mon, 14 May ☿ Mercury stations Retrograde

♀ Venus enters ♉ Taurus

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

Sun, 20 May ♃ Jupiter ♂ Opposition ♇ natal Pluto

♃ Jupiter △ Trine ♆ natal Neptune

♇ Pluto △ Trine ☉ natal Sun

♇ Pluto ✳ Sextile ♂ natal Uranus

♁ NNnode ✳ Sextile ♃ natal Mercury

Mon, 21 May ☉ Sun enters ♊ Gemini

♇ Pluto stations Retrograde

Full Moon in Scorpio

♆ Neptune ☐ Square ♂ natal Mars

♄ Chiron ♂ Opposition ♄ natal Saturn

Sun in *Gemini* brings a **shift toward curiosity and talking things through** — you'll notice people asking more questions, starting conversations they'd normally skip, and wanting to understand how things work. At work and in relationships, **communication becomes easier and faster**, though the downside is that people scatter their attention across more projects and topics than they can actually finish. **Short trips, emails, and quick decision-making** pick up noticeably during this month, so if you've been putting off organizing your schedule or catching up with contacts, this is when that restless energy makes it feel natural.

Thu, 24 May ♄ Saturn ♂ Conjunction ♀ natal Moon

Thu, 31 May ♂ Mars enters ♋ Pisces

♁ NNnode ✳ Sextile ♃ natal Mercury

♆ Neptune ☐ Square ♀ natal Venus

Mars in *Pisces* tends to **blur your usual drive**, making you less direct about what you want and more likely to drop hints instead of stating things plainly. At work or in relationships, people often notice they're **slower to push back** on things that bother them, or they take longer to make decisions because competing feelings keep shifting their mind. The pattern is that **physical energy dips** — you might feel less urgent about exercise or tasks, preferring to move at an easier pace until something emotional finally lights a fire under you.
