KEY DATE

♂ Mars enters ♏ Scorpio

Mars in *Scorpio* brings **sharper focus** and **longer attention span** — people tend to stick with difficult projects instead of jumping between tasks. In relationships and work, you'll notice more **direct confrontation** of problems that were ignored before, which can clear the air but also creates tension if handled carelessly. *Mars* here makes people **dig deeper** into whatever they're doing, whether that's research, fitness routines, or figuring out why something isn't working.

KEY TRANSIT FACTORS

☉ Sun ☌ Conjunction ♇ natal Pluto

Right now you're unusually focused on what you want to change about yourself or your situation, and you're willing to do whatever it takes to make it happen. You feel **intensely driven to strip away anything that feels fake or unnecessary**, whether that's in your relationships, your work, or how you present yourself. Over the coming weeks you may surprise people with how direct you become, or how quickly you abandon something you've outgrown.

☾ Moon ☌ Quincunx ☉ natal Sun

Right now your mood and your sense of purpose are out of sync, so you feel restless even when things are going well. You might **second-guess decisions you normally feel confident about**, or find yourself irritable with people who don't understand what you need. These feelings will pass in a week or two, but until then you'll work better if you accept the discomfort rather than trying to fix it.

♁ Chiron ☌ Square ♆ natal Neptune

Right now you are **more aware of where you have been avoiding hard truths** about yourself or others, and that awareness is uncomfortable. You may find yourself second-guessing your own perceptions or feeling confused about what you actually believe versus what you wanted to believe. These days this friction between reality and your preferred stories is forcing you to look at situations more honestly, even though the looking itself feels harsh.

♁ Chiron ☌ Semi sextile ♁ natal NNode

Over the coming weeks, you find it easier to **spot patterns in your own behaviour** without getting stuck in self-criticism. Small conversations or situations naturally point out where you've been repeating the same mistakes, and you actually listen instead of defending yourself. This practical self-awareness makes it simpler to adjust course in relationships and work without needing to overanalyse everything.

♄ Saturn ☌ Opposition ♁ natal Chiron

Right now you are running into hard limits on what you can do to help or fix things for people around you, and it feels like failure. You keep trying to solve problems that aren't yours to solve, and **reality is pushing back harder than usual**. Over the coming weeks, you'll need to accept that some pain in your life or others' lives cannot be managed away, no matter how skilled you are at it.

♃ Jupiter Rx · ♛ Pisces

Spiritual, creative, and compassionate expansions slow and turn inward right now. Beliefs about meaning, forgiveness, and transcendence that felt clear may now seem uncertain. Deeper honesty about what you genuinely believe rewards you more during this period than what feels comforting to think.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun ☒ Quincunx ♆ Neptune

These days you might notice a gap between what you're trying to accomplish and what actually feels right to you. Your practical plans can feel oddly disconnected from your gut feelings, leaving you **uncertain about which direction to trust**. This mismatch between doing and feeling tends to make decision-making slower and more confusing than usual.

☉ Sun ☒ Quincunx ♄ Chiron

Right now you notice small practical problems in areas where you thought you had things figured out. Your confidence runs into situations that don't quite fit your usual approach, and you have to **adjust your methods rather than push through**. This mismatch between what you expected and what's actually happening is the main feature of these days, and it often leads to useful corrections if you pay attention.

LUNAR DAY

Moon in ♐ Sagittarius · Day 8 / 30 · First Quarter
