KEY TRANSIT FACTORS

☿ Mercury ☌ Semi sextile ♇ natal Pluto

While this lasts, you naturally ask better questions when something feels off, and people respond by being more honest with you. Your mind works at **spotting what's really going on beneath the surface**, whether in a conversation or a situation, without needing to force it. This gives you an edge in problem-solving and helps you understand others more clearly over the coming weeks.

☾ Moon * Sextile ☉ natal Sun

You feel **more comfortable with yourself** right now, which makes it easier to speak up in conversations and take small actions you have been putting off. Your mood is steady enough that you can actually listen to other people instead of getting caught up in your own concerns. While this *Moon sextile Sun* lasts, things that usually feel difficult—like asking for help or sharing what you think—feel more natural.

☾ Moon ☍ Opposition ♃ natal Jupiter

Right now you are **overestimating what you can handle**, and your emotions are pushing you to say yes to things you should refuse. Your mood swings between optimism and disappointment as reality fails to match the promises you made to yourself or others. Over the coming weeks, you'll need to watch your impulse to spend money, make big plans, or commit to too many social obligations while your judgment is temporarily unreliable.

♂ Mars ☐ Square ♁ natal Chiron

You're more irritable than usual right now, especially when someone points out a mistake or limitation of yours. **You push back harder and faster than normal**, defending yourself before you've even thought it through. Over the coming weeks, this defensive reaction will show you exactly where you're still tender about your own abilities or past failures.

♇ Pluto ☍ Quincunx ☿ natal Mercury

While this lasts, you may notice that your usual way of explaining yourself stops landing the way it normally does. Your thoughts feel scrambled when you try to communicate what you actually mean, and others seem to misunderstand your point more often than usual. This **mental friction** between what you think and what comes out is temporary, so slowing down before you speak or write can help bridge the gap.

☉ Sun ☍ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ☿ Quincunx ♅ Uranus

At the moment you feel pulled in two directions without clear reason, and small changes in routine throw you off balance more than usual. Your usual way of doing things no longer feels quite right, but you don't yet see what would work better, which creates **restless dissatisfaction**. These days minor adjustments in your practical life take more energy and patience than they should.

☉ Sun * Sextile ♇ Pluto

These days you find it easier to **spot what needs to change** in your life without feeling overwhelmed by it. The practical support between *Sun* and *Pluto* means you can see problems clearly and actually do something about them instead of avoiding them. This is a good window for tackling projects that require focus and honesty about what's really going on.

LUNAR DAY

Moon in ♋ Pisces · Day 12 / 30 · First Quarter

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
