KEY TRANSIT FACTORS

♇ Pluto △ Trine ☉ natal Sun ★

Right now you feel **less afraid to make real changes** in your life, and people respond to this quiet confidence. You stop waiting for permission and start acting on decisions you've been sitting with for months. Over the coming weeks, you'll notice doors opening because you're finally moving forward instead of second-guessing yourself.

♊ NNode ∟ Semi sextile ☿ natal Mercury

Over the coming weeks, you find it easier to **say what you actually mean** without overthinking or second-guessing yourself. People respond better to your words because you're speaking more directly and with less self-doubt. This is a good time to have conversations you've been putting off or to pitch an idea you believe in.

♀ Venus ∟ Semi sextile ♂ natal Mars

Right now you find it easier to **ask for what you want without apologizing**, whether in conversation or in your actions. Your usual hesitation about pursuing your own goals softens, and you can speak up or make moves with a natural confidence that feels good. This small but real shift helps you get things done and connect with others more directly over these coming weeks.

♄ Saturn ∟ Semi sextile ♂ natal Mars

Right now you're noticing that your efforts produce real results without requiring you to push as hard as usual. **You're working more efficiently**, and tasks that normally frustrate you feel manageable because you're approaching them with more patience than typical. Over the coming weeks, this steady support from *Saturn* to your *Mars* makes it easier to follow through on commitments without burning out.

☾ Moon qx Quincunx ♂ natal Mars

Right now your emotional needs and your desire to act are out of step with each other. You might feel frustrated because you want to do something but your mood keeps pulling you in a different direction, or you start projects when you are not actually ready for them. This **awkward mismatch between feeling and doing** tends to fade over the coming weeks, but while it lasts you will work better if you check in with yourself before pushing forward.

☾ Moon △ Trine ♀ Venus

These days you find it easier to tell people what you actually feel without worrying they will reject you. Your emotional needs and your desire for connection are **naturally aligned**, so you speak up when something matters instead of staying quiet. This is a good window to have conversations you have been putting off or to spend time with people who make you feel genuinely accepted.

› Moon ☐ Square ♂ Mars

These days you're more likely to act on frustration before you think it through, and small annoyances can feel urgent and demanding. **Your emotional reactions move faster than your good judgment**, so conversations with others can turn sharp or heated quickly. This period pushes you to notice the gap between what you feel and what actually needs to happen right now.

› Moon ☾ Opposition ♄ Saturn

Right now you feel like people around you are pulling away or becoming more critical, and it's hard not to take it personally. **You're more aware of what you're lacking** — your mistakes feel bigger, your efforts feel smaller, and reassurance from others doesn't stick. These days the emotional support you need feels distant or conditional, so you're likely to withdraw or work harder to prove yourself, which only makes the heaviness worse.
