KEY DATE

♂ Mars enters ♉ Taurus

Mars in *Taurus* slows down your usual pace, and you'll notice yourself **taking longer to make decisions** at work or in projects — this isn't laziness, it's just how this transit works. In relationships and money matters, people often become **more stubborn about what they want**, and arguments tend to drag on instead of resolving quickly because nobody wants to budge. Most people find their **physical energy shifts toward steady effort** rather than bursts of speed, so this is actually a good time to build habits, save money, or work on something that needs patience rather than fast action.

KEY TRANSIT FACTORS

♄ Saturn ☌ Quincunx ♅ natal Uranus ★

Right now you feel caught between wanting to stick to your usual routines and an urge to break free from them, which creates an awkward tension in practical decisions. You might find yourself **hesitating before making changes** that normally feel automatic, or feeling frustrated when rules or limitations interfere with your independence. This period pushes you to figure out a middle ground, though it won't feel comfortable while you're looking for it.

♄ Saturn ☌ Semi sextile ☾ natal Moon ★

Over the coming weeks, you'll find it easier to **organize your feelings into practical steps** rather than getting stuck in emotional loops. Your emotional needs start to align with what you can actually do in your daily life, so you feel less pulled in two directions. This is a good time to set small routines that genuinely comfort you, since your practical side and your emotional side are working together instead of against each other.

♄ Saturn ☌ Conjunction ♄ natal Saturn

You're experiencing a natural pause to examine what you've built and whether it still fits your life. **You feel more serious about commitments** and less willing to ignore problems you've been avoiding. Over the coming weeks, practical matters demand your attention—projects need finishing, rules need clarifying, and people around you sense you mean business.

♁ NNode * Sextile ♆ natal Neptune

While this lasts, you find it easier to **trust your instincts about people and situations** without needing to overthink everything. Your imagination and practical sense are working together right now, so you can pick up on what others need without them having to spell it out. These small acts of understanding often lead to real connections that feel less forced and more genuine than usual.

☿ Mercury ☌ Conjunction ☉ natal Sun

Right now your thinking is clearer than usual, and you find yourself talking more and explaining your ideas without effort. People around you respond better to what you say because you're **more direct and confident in conversation**. These few weeks are a good time to handle emails, meetings, or decisions that need clear communication.

♃ Jupiter Rx · ♍ Virgo

The expansion of practical systems, health routines, and work habits slows during this period in ways that demand honest assessment. Growth that has been accumulating may need to be reviewed for sustainability. Quality over quantity in your work and health practices rewards you more right now.

☉ Sun ∟ Semi sextile ♅ Uranus

These days you find it easier to **try something different without overthinking it**. Small changes feel natural right now, whether that's taking a new route to work or suggesting a fresh idea in a conversation. This mild alignment between *the Sun* and *Uranus* gives you just enough confidence to break routine without feeling reckless.

☉ Sun ∟ Semi sextile ♆ Neptune

These days you find it easier to **imagine things before you build them**, whether that's a project at work or how you want your living space to feel. The subtle connection between *Sun* and *Neptune* softens your usual need to rush into action, giving your practical plans a touch of creativity. This is a good time to sketch out ideas, talk through your vision with others, or sit with half-formed thoughts without needing immediate answers.

☉ Sun ◻ Square ♇ Pluto

Right now you feel **pushed to prove yourself** in ways that feel uncomfortable or unnecessary. Everyone around you seems more irritable, defensive, or bent on getting their way without compromise. This period brings out the part of you that resists being told what to do, and small conflicts can quickly turn into power struggles.

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.
