KEY TRANSIT FACTORS

☾ Moon □ Square ♅ natal Uranus

Right now you feel restless and irritable in ways that don't match your usual mood, making you **snap at people over small things** and struggle to sit still. Your need for sudden change clashes with what you actually need emotionally, so you might suddenly want to quit something or push away someone close to you without being clear why. These feelings will pass in a few days, but while they last you'll need to notice the impulse to act on them rather than act immediately.

♅ Uranus ♂ Conjunction ☿ natal Mercury

Right now your thinking is unusually **restless and unpredictable**, and you may find yourself jumping between ideas or changing your mind more often than usual. People around you might notice you're speaking differently—more bluntly, more rapidly, or bringing up subjects you normally wouldn't mention. Over the coming weeks, this can shake up how you communicate at work or in relationships, so it helps to notice when you're being impulsive with your words.

♀ Venus ♁ Quincunx ♄ natal Saturn

Right now you feel pulled between wanting closeness with someone and needing to keep your distance, which makes you act uncertain in social situations. You might say yes to plans and then back out, or hold back from expressing what you actually want because you are unsure how it will land. These mixed feelings are temporary, but while this lasts they can make your relationships feel awkward or leave you feeling dissatisfied with how you are connecting.

♃ Jupiter ∟ Semi sextile ♇ natal Pluto

While this lasts, you find yourself **willing to take small risks that push you past old limits**. You feel a quiet confidence in your ability to handle situations that normally feel too big or demanding, and you naturally start saying yes to opportunities you would have avoided before. Over the coming weeks, this steady courage tends to open doors that lead to real personal or professional growth.

♆ Neptune ♂ Conjunction ♁ natal Chiron

Right now you are more aware of where you feel inadequate or broken, and you may find yourself wanting to help others with similar pain instead of focusing on your own healing. This shift toward **helping others deflect from yourself** can feel noble but often leaves your own needs unmet. Over the coming weeks, watch whether you are actually listening to what you need or just getting lost in someone else's problems.

♄ Saturn Rx · ♉ Taurus

Long-term financial structures, material commitments, and patterns of security are under review during this period. What you have been relying on for stability may require more active maintenance than you had assumed. Honest reckoning with resources and long-term obligations is the most useful work you can do right now.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun * Sextile ♃ Jupiter

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.

☾ Moon ∟ Semi sextile ♀ Venus

These days you find it easier to **say what you actually feel** without worrying so much about how it lands. The emotional and social parts of you are working together instead of against each other, so expressing affection or gratitude comes naturally. This is a good window for having honest conversations with people you care about without the usual awkwardness getting in the way.

LUNAR DAY

Moon in ♑ Capricorn · Day 1 / 30 · New Moon

Focus narrows toward responsibilities and unfinished obligations during this transit, with less tolerance for distraction or small talk. The emotional tone becomes more reserved and measured for the next 48 hours.

CLOTHING & JEWELRY
