KEY TRANSIT FACTORS

☉ Sun △ Trine ♃ Jupiter ★

Right now you feel **more confident about your abilities** and you're likely to take on tasks you've been putting off. People around you notice your optimism and it spreads, making conversations easier and collaborations feel lighter. This is a practical window where your effort tends to produce visible results, so taking action on something you care about usually pays off.

♂ Mars ♂ Opposition ♄ natal Saturn

Right now you feel blocked when you try to push forward, as if every effort meets resistance from outside or from your own doubt. You become **frustrated and impatient** because things take longer than you want them to, and you may snap at people or force situations instead of waiting. Over the coming weeks, you will need to accept that some obstacles are real and that slowing down is the only way through, not a failure on your part.

♄ Saturn △ Trine ♁ natal Chiron

Right now you are **more willing to sit with your own pain without needing to fix it immediately**, which lets you actually learn from past hurts instead of just moving past them. This practical acceptance means you can talk about difficult experiences with less defensiveness and help others do the same. Over the coming weeks, what once felt raw or tender becomes something you can work with directly.

♀ Venus ∟ Semi sextile ♃ natal Jupiter

While this lasts, you find it easier to say yes to small social invitations and feel genuinely interested in other people's stories. Your **natural warmth shows up more** in conversations, and you notice people respond better to you without you trying harder. This is a good time to strengthen friendships or spend money on experiences that bring you closer to the people you care about.

☾ Moon * Sextile ☿ natal Mercury

Your thinking feels clearer than usual right now, and you find it easier to say what you actually mean in conversations. People respond well because you're coming across as both honest and considerate, not just logical or detached. This is a good window to **handle difficult talks, ask for what you need, or explain something you've been putting off** — your words land better when *the Moon* and *Mercury* work this way.

♀ Venus ∟ Semi sextile ♆ natal Neptune

Over the coming weeks, you become **more open to what people need from you emotionally**, and you notice others respond better to you because of it. Your usual defenses soften just enough that you can listen without jumping to fix things, which makes conversations feel easier and more natural. This is a good time to deepen connections with people you care about, since you're genuinely present rather than distracted by your own concerns.

♄ Saturn Rx · ♌ Leo

Ambition and the structures supporting creative or public expression face an honest review during this period. Recognition that has been slow to arrive may be prompting important reassessment of your goals or methods. Internal validation serves you more right now than seeking external acknowledgment.

☉ Sun Δ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun ♂ Conjunction ♿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

LUNAR DAY

Moon in ♌ Leo · Day 20 / 30 · Waning Gibbous

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
