## KEY TRANSIT FACTORS

### ☉ Sun ☐ Square ♁ natal NNode

Right now you feel pulled in two directions at once, between what you want to do and what you sense you should be doing. You're likely **second-guessing your choices** and questioning whether you're on the right track with work or relationships. This friction is real, and over the coming weeks you'll need to sit with the discomfort instead of rushing to resolve it.

### ☉ Sun ∟ Semi sextile ♆ natal Neptune

Right now you're picking up on subtle signals from people around you, noticing things others miss about their feelings and needs. This makes you **naturally more perceptive in conversations**, and people tend to open up to you without you having to ask much. Over the coming weeks this supportive quality can help you build closer connections, especially if you listen more than you talk.

### ♂ Mars ∟ Semi sextile ♂ natal Mars

These days you're finding it easier to **take action on things you've been putting off**, whether that's a project at work or a personal goal you've wanted to tackle. Your motivation feels steadier than usual, and you're not fighting yourself as much when it comes to getting started on difficult tasks. Over the coming weeks, this quieter boost to your initiative can help you build real momentum without burning out.

### ♂ Mars qx Quincunx ♀ natal Venus

These days you feel **restless in your relationships and attractions**, as if what usually satisfies you no longer fits quite right. Your desires and your actions keep pulling in different directions, so you end up pursuing what you want in awkward or roundabout ways. Over the coming weeks, you may notice you're making social or romantic moves that feel off-timing, or you're frustrated because your energy doesn't match what your heart actually needs.

### ♀ Venus qx Quincunx ☿ natal Mercury

Right now you may notice that what you want to say doesn't quite match what you actually feel, leaving you **awkwardly uncertain in conversations**. Your usual way of explaining yourself feels clumsy when you are trying to express something that matters emotionally. Over the coming weeks, this gap between thought and feeling tends to smooth out on its own without you having to fix it.

### ♄ Saturn Rx • ♋ Leo

Ambition and the structures supporting creative or public expression face an honest review during this period. Recognition that has been slow to arrive may be prompting important reassessment of your goals or methods. Internal validation serves you more right now than seeking external acknowledgment.

### › Moon ☐ Square ♀ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

### › Moon ♀ Quincunx ♀ Venus

Right now your emotional needs and what you want socially are slightly out of sync, so you might feel pulled in two directions. You could notice yourself wanting comfort and closeness at times when you'd rather stay independent, or the opposite. This **mismatch between feeling and wanting** is temporary, and noticing it is the first step to working with it instead of against it.

### › Moon ♂ Conjunction ♃ Jupiter

Right now you feel more **generous and open to other people** than usual, which makes it easier to connect socially or ask for what you need. Your emotional confidence is higher, so you're more likely to take a chance on something that normally makes you nervous. This mood won't last forever, so use it to have conversations you've been putting off or to try something that requires a bit of courage.
