KEY TRANSIT FACTORS

☾ Moon ☐ Square ♄ natal Saturn ★

Right now you feel **emotionally heavy and withdrawn**, as if your normal mood swings have turned sluggish and grey. You notice yourself avoiding people, cancelling plans, and sitting with feelings of inadequacy that feel hard to shake. Over the coming weeks, this low mood will likely push you to look honestly at what you actually need instead of what you think you should want.

☿ Mercury * Sextile ♁ natal Chiron

Right now you find it easier to talk about things that normally feel difficult or tender for you. Your words come out clearer and more honest without feeling as risky, and people tend to listen more carefully. This is a good window to **have the conversations you've been putting off** — about past hurts, what you need, or how you've grown from hard experiences.

♂ Mars ∟ Semi sextile ♄ natal Saturn

These days you find it easier to **stick with tasks that require patience and discipline** without feeling frustrated or trapped. Your natural drive from *Mars* aligns gently with your practical limits from *Saturn*, so you can push forward on difficult projects without burning out. Over the coming weeks, this is a good window to tackle something you have been putting off because you now have both the motivation and the realistic patience to see it through.

☉ Sun ☍ Opposition ☿ natal Mercury

Right now you're finding it hard to say what you mean, and people often misunderstand your point even when you explain carefully. Your thinking feels scattered and you keep losing your train of thought in conversations or at work. This friction between what you want to communicate and what actually comes out will push you to slow down and choose your words more deliberately over the coming weeks.

♆ Neptune ☐ Square ☿ natal Mercury

Your thinking feels foggy right now, and you struggle to organize your thoughts into clear sentences or plans. You may say things you don't fully mean, misunderstand what others are telling you, or find yourself **second-guessing decisions** you would normally make quickly. Over the coming weeks, you will need to double-check important information and avoid signing contracts or making commitments until this confusion lifts.

♃ Jupiter Rx · ♑ Capricorn

Ambitions and long-term structures built on optimistic assumptions are being tested right now. Career growth or institutional commitments that seemed on track may require more realistic adjustment than you had planned. Reviewing what is genuinely working in your long-term strategy before continuing to build is the most productive use of this period.

☉ Sun △ Trine ♃ Jupiter

Right now you feel **more confident about your abilities** and you're likely to take on tasks you've been putting off. People around you notice your optimism and it spreads, making conversations easier and collaborations feel lighter. This is a practical window where your effort tends to produce visible results, so taking action on something you care about usually pays off.

☉ Sun * Sextile ♅ Uranus

These days you feel more willing to try something different without the usual fear holding you back. You might suggest a new idea at work, change your routine, or say no to something that no longer fits. This **relaxed openness to change** makes it easier to break old patterns while still feeling grounded enough to actually follow through.

☉ Sun □ Square ♆ Neptune

Right now you are likely to **confuse what you want with what you imagine you want**, making it hard to set realistic goals or stick to decisions. People around you may seem unreliable or evasive, and you might notice yourself doing the same thing without meaning to. This period asks you to slow down and write things down before acting, because your usual sense of what is real gets cloudy.

LUNAR DAY

Moon in ♎ Libra · Day 11 / 30 · First Quarter

The social atmosphere becomes more diplomatic during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.
