KEY TRANSIT FACTORS

☿ Mercury ☌ Semi sextile ♆ natal Neptune

Right now your mind is picking up on things you normally miss, and you're finding it easier to **connect the dots between different ideas**. Your conversations have a natural flow to them these days because *Mercury* and *Neptune* are working together to make your words feel intuitive and gentle. Over the coming weeks this can help you explain complicated feelings or understand what someone else really means beneath what they're saying.

♂ Mars ☌ Trine ☿ natal Mercury

Your mind feels sharper these days, and you can express what you think without second-guessing yourself. You find it easier to **organize your thoughts into action**, whether that's talking through a problem or getting a project moving forward. This practical clarity lasts a few weeks, so it's a good time to handle conversations you've been putting off or tackle work that needs both thinking and doing.

☿ Mercury ☐ Square ☾ natal Moon

Your thoughts and words are working against your emotional needs right now, so you feel frustrated when you try to explain how you actually feel. You say one thing but mean another, or you second-guess yourself mid-sentence, which makes people misunderstand you or dismiss what matters to you. Over the coming weeks, pay attention to the gap between what you think you should say and what you actually need—because **rushing to explain yourself** will only make the disconnect worse.

♂ Mars ☌ Semi sextile ♂ natal Mars

These days you're finding it easier to **take action on things you've been putting off**, whether that's a project at work or a personal goal you've wanted to tackle. Your motivation feels steadier than usual, and you're not fighting yourself as much when it comes to getting started on difficult tasks. Over the coming weeks, this quieter boost to your initiative can help you build real momentum without burning out.

♇ Pluto ☐ Square ♁ natal Chiron

Right now you're bumping up against old wounds that usually stay quiet, and it feels uncomfortable because you can't just ignore them the way you normally do. You might find yourself **overreacting to small slights or feeling defensive** about situations that wouldn't usually bother you. Over the coming weeks, this friction is forcing you to look at how you protect yourself—not to fix everything at once, but to notice where your defenses are actually holding you back from connecting with other people.

☉ Sun ☐ Quincunx ♁ NNode

At the moment you are noticing a mismatch between what you want to do and what feels like the right direction to move in. You might find yourself **hesitating before making choices** because two parts of you are pulling slightly different ways. This isn't crisis or conflict—just an uncomfortable adjustment where you have to consciously decide which impulse to follow rather than acting on automatic.

› Moon △ Trine ♀ Venus

These days you find it easier to tell people what you actually feel without worrying they will reject you. Your emotional needs and your desire for connection are **naturally aligned**, so you speak up when something matters instead of staying quiet. This is a good window to have conversations you have been putting off or to spend time with people who make you feel genuinely accepted.

› Moon ∟ Semi sextile ♃ Jupiter

These days you feel a bit more generous with yourself and others, which makes social situations feel easier and less forced. You're noticing small good things around you more readily, and this **gentle optimism** makes it simpler to ask for help or offer support without overthinking it. The *Moon* and *Jupiter* connection right now creates a quiet permission to be a little kinder to yourself about your limitations.

LUNAR DAY

Moon in ♏ Scorpio · Day 24 / 30 · Last Quarter

Psychological intensity rises for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
