## KEY DATE

### ☉ Sun enters ♊ Gemini

*Sun* in *Gemini* brings a **shift toward curiosity and talking things through** — you'll notice people asking more questions, starting conversations they'd normally skip, and wanting to understand how things work. At work and in relationships, **communication becomes easier and faster**, though the downside is that people scatter their attention across more projects and topics than they can actually finish. **Short trips, emails, and quick decision-making** pick up noticeably during this month, so if you've been putting off organizing your schedule or catching up with contacts, this is when that restless energy makes it feel natural.

### ♇ Pluto stations Retrograde

When *Pluto* stations retrograde, expect **delays or reversals** in situations involving power, money, or control — contracts may stall, workplace dynamics shift, or financial decisions get reconsidered. *Pluto* retrograde typically brings **hidden information to light**, so old problems resurface and you notice patterns you missed before, especially around who has influence over what. Over the next months, **internal work matters more than external action** — pushing hard on big changes usually backfires, but reviewing past choices and adjusting your approach actually works.

## KEY TRANSIT FACTORS

### ♁ Chiron △ Trine ♇ natal Pluto

Over the coming weeks, you find it easier to **talk honestly about difficult things** without getting defensive or shutting down. People respond well to your openness because you're not attacking or blaming them, just saying what actually happened and how it affected you. This period gives you a practical window to repair relationships or clear the air in conversations you've been avoiding.

### ♂ Mars □ Square ♃ natal Mercury

Right now you're more **quick to argue and interrupt** without thinking through what you're about to say. Your impatience makes it harder to listen, so conversations turn combative when they don't need to be. Over the coming weeks, you'll notice this pattern most at work or with people who challenge your ideas, and stopping to take a breath before you speak will save you real conflicts.

### ♀ Venus □ Square ♃ natal Jupiter

You are spending more freely right now and having trouble saying no to things you want, which can leave you short of money or overcommitted socially. Your **appetite for indulgence outpaces your actual resources**, and you may feel frustrated when reality pushes back against what feels like reasonable enjoyment. Over the coming weeks, the gap between what you want to give yourself and what you can actually afford will become hard to ignore.

### ♿ Mercury △ Trine ♃ natal Pluto

Right now you can see through surface-level explanations and ask the questions that actually matter. Your mind feels sharper when it comes to **spotting what's really going on** beneath people's words or situations. Over the coming weeks, this clarity helps you communicate difficult truths in a way others can actually hear.

### ♅ Uranus ♁ Quincunx ♃ natal Jupiter

Over the coming weeks, you feel restless about plans or beliefs that used to satisfy you, and you may suddenly want to change direction even though you have not finished what you started. Your **impatience with the status quo** makes it hard to stick with practical commitments or long-term goals that require steady effort. The mismatch between your urge for something new and your actual responsibilities can leave you feeling scattered, so it helps to write down what you genuinely want before you act.

### ♿ Mercury Rx · ♊ Gemini

Information overload and communication mix-ups are more likely right now than at other times. You may find yourself re-reading, misunderstanding, or having to repeat conversations that should have been straightforward. Slow down with written communications in particular — errors sneak through when you feel most certain.

### ☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

### ☉ Sun \* Sextile ♄ Saturn

Right now you find it easier to follow through on what you say you'll do, and people notice you're more reliable than usual. Your practical judgement is sharp, so **you can see what actually needs to happen** instead of getting distracted by what sounds exciting. This is the kind of period where effort pays off directly, so if you've been putting something off, the conditions are there to make real progress without burning yourself out.

### ☾ Moon □ Square ♂ Mars

These days you're more likely to act on frustration before you think it through, and small annoyances can feel urgent and demanding. **Your emotional reactions move faster than your good judgment**, so conversations with others can turn sharp or heated quickly. This period pushes you to notice the gap between what you feel and what actually needs to happen right now.

## LUNAR DAY

Moon in ♏ Scorpio · Day 15 / 30 · Waxing Gibbous

**Psychological intensity rises** for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.

## CLOTHING & JEWELRY

Monday · ☾ Moon · Venus in Capricorn

Monday belongs to the Moon — wear silver, white, or soft green tones. Moonstone or pearl as a pendant or ring amplifies the day's intuitive, nurturing energy.
