KEY TRANSIT FACTORS

♂ Mars **qx** ♃ Quincunx ♃ natal Mercury

These days you're noticing a mismatch between what you want to say and what actually comes out, making conversations feel awkward or incomplete. Your thoughts move fast but your words struggle to keep up, so you end up **revising what you've said mid-sentence or backtracking** to clarify yourself. This friction usually settles once you slow down and write things out before speaking, rather than trying to think and talk at the same time.

♄ Saturn **△** ♃ Trine ♃ natal Mercury

Your thinking becomes more organized and methodical right now, making it easier to work through complex problems without getting distracted. You find yourself **naturally able to follow through on plans** and communicate what you actually mean instead of talking in circles. This period is ideal for learning something practical or finishing projects that require sustained focus and clear explanations.

♆ Neptune **□** ♃ Square ♃ natal Mercury

Your thinking feels foggy right now, and you struggle to organize your thoughts into clear sentences or plans. You may say things you don't fully mean, misunderstand what others are telling you, or find yourself **second-guessing decisions** you would normally make quickly. Over the coming weeks, you will need to double-check important information and avoid signing contracts or making commitments until this confusion lifts.

♀ Venus **qx** ♇ Quincunx ♇ natal Pluto

Over the coming weeks, you may notice that **what you want socially or romantically no longer matches what actually satisfies you**, leaving you feeling oddly restless even when things are going well. You might find yourself questioning a relationship or friendship more critically than usual, spotting problems you'd overlooked before. This mismatch between your surface desires and your deeper needs is temporary, but it's real right now, and it usually means something in your social world needs honest adjustment.

♀ Venus **△** ☉ Trine ☉ natal Sun

Right now you feel more **comfortable being yourself around others**, and people respond well to that ease. You are more likely to say yes to social invitations and actually enjoy them instead of overthinking beforehand. This period is ideal for smoothing over small rifts in relationships or simply spending time with people who genuinely like you.

☉ Sun **♌** Conjunction ♂ Mars

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

☉ Sun ☌ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

LUNAR DAY

Moon in ♌ Leo · Day 20 / 30 · Waning Gibbous

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.

CLOTHING & JEWELRY
