KEY TRANSIT FACTORS

☾ Moon ☿ Quincunx ♄ Saturn ★

These days you might feel **emotionally restless without knowing exactly why**, as if something needs fixing but you cannot quite identify what. Your practical side wants to organize your feelings into a manageable system, yet your emotional needs keep shifting underneath whatever plan you make. This mismatch between what you feel and what you think should happen creates a low-level frustration that pushes you to keep adjusting your approach until something finally clicks.

♁ NNode △ Trine ♄ natal Uranus

Over the coming weeks, you find it easier to **break free from routines that no longer fit** without feeling guilty or reckless. Your instinct for what needs to change aligns naturally with the directions your life is actually moving, so small rebellions feel honest rather than impulsive. This is a good window to experiment with new approaches to work or friendships and trust that the timing is right.

♂ Mars △ Trine ☾ natal Moon

Right now you're noticing that your **gut feelings guide you toward action without hesitation**, and other people respond well to this directness. What usually takes you weeks to decide feels clear and doable in a matter of days. Over the coming weeks, you'll likely tackle practical tasks and conversations that have been sitting on your to-do list, because your emotional confidence and motivation are running in sync.

♁ Chiron ☉ Opposition ♂ natal Mars

Right now you are more aware of how you push forward without checking if you are actually hurting yourself or others. **You second-guess your own aggression** and find it harder to act decisively because you are noticing the damage you might cause. Over the coming weeks, this self-doubt can make you feel stuck between wanting to move forward and worrying you will do it wrong.

♀ Venus □ Square ♄ natal Uranus

Right now you're restless in your relationships and find it hard to settle into routine affection or commitment. You might **push away people who want closeness** or suddenly lose interest in someone who was important to you last week. This friction between wanting freedom and being expected to show up consistently will test your patience and theirs over the coming weeks.

♃ Jupiter ☿ Quincunx ♂ natal Mars

Over the coming weeks, you may notice your usual drive and confidence don't quite match up with what's actually possible right now, leaving you **frustrated when plans don't move as fast as you want them to**. *Jupiter* is expanding your ambitions while *Mars* pushes for quick action, but the two are pulling in slightly different directions. You might waste energy on projects that start with excitement but need to be adjusted or abandoned halfway through.

☉ Sun * Sextile ☾ Moon

These days you find it easier to know what you actually want and then act on it without second-guessing yourself. Your **practical needs and your emotional needs are pointing in the same direction**, so decisions feel less confusing. This alignment between the Sun and Moon means you can move forward with both confidence and peace of mind.

☉ Sun □ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

LUNAR DAY

Moon in ♋ Pisces · Day 5 / 30 · Waxing Crescent

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
