KEY TRANSIT FACTORS

♁ Chiron ☉ Opposition ☾ natal Moon

Over the coming weeks, you feel more aware of emotional wounds you've been carrying, which can make you irritable with the people closest to you. Your usual ways of comforting yourself stop working as well, leaving you **restless and dissatisfied** with your routines and relationships. This discomfort is real, but it's pushing you to look honestly at what you actually need instead of what you've settled for.

♃ Jupiter △ Trine ♁ natal Chiron

Over the coming weeks, you find it easier to talk about past hurts without getting stuck in them, and people respond well to your honesty. You're naturally **more generous with yourself** when you make mistakes, which means you actually learn from them instead of dwelling. This is a good window to help others through their own difficulties because you genuinely understand what they're going through.

♀ Venus ♁ Quincunx ♋ natal NNode

Right now you are noticing small misalignments between what you want socially and what actually fits your growth. You might find yourself attracting people or situations that feel pleasant on the surface but slightly off-track from where you are heading. Over the coming weeks, you will do better by checking in with yourself about whether new connections or social choices actually move you forward or simply feel comfortable in the moment.

♅ Uranus ♁ Quincunx ☾ natal Moon

Your emotional needs are shifting in ways that don't quite fit your usual routines, leaving you feeling **restless and out of step with how you normally operate**. You might suddenly want different things from your home life or relationships, but you're not entirely sure what those things are yet. Over the coming weeks, expect some practical awkwardness as you adjust to what you actually need rather than what you thought you needed.

♀ Venus * Sextile ♄ natal Saturn

Right now you find it easier to **follow through on commitments** without feeling overwhelmed or resentful about them. Your practical side and your emotional needs are working together instead of pulling in opposite directions, so you can say yes to plans or responsibilities and actually feel good about them. This is a good time to have honest conversations about what you want from your relationships, because you can express your needs without being defensive or distant.

☿ Mercury Rx · ♊ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ♂ Conjunction ♄ Saturn

Right now you are more aware of your own limits and what you actually need to do versus what you want to do. You become **more serious about your responsibilities** and less interested in shortcuts or excuses. This is a practical time to make concrete progress on something that matters, even if it feels slow or requires discipline.

☉ Sun △ Trine ♂ Uranus

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

LUNAR DAY

Moon in ♄ Capricorn · Day 2 / 30 · New Moon

Focus narrows toward responsibilities and unfinished obligations during this transit, with less tolerance for distraction or small talk. The emotional tone becomes more reserved and measured for the next 48 hours.

CLOTHING & JEWELRY
