KEY TRANSIT FACTORS

☾ Moon ∟ Semi sextile ♂ Mars ★

These days you have a natural **willingness to take action on what matters to you emotionally**. You notice you can speak up about your needs without getting defensive, and people respond better because you sound calm instead of urgent. This period gives you just enough psychological momentum to move on something you've been sitting with for weeks.

♁ Chiron qx Quincunx ☾ natal Moon

Over the coming weeks, you may notice that **small emotional upsets feel oddly difficult to shake**, even when you know they are not serious. Your usual ways of calming yourself down do not work as smoothly, and you might find yourself replaying conversations or moments longer than typical. This temporary mismatch between how you want to feel and what is actually happening emotionally can push you to try different approaches to managing your moods.

♁ Lilith ♂ Conjunction ♁ natal Lilith

Right now you're more aware of where you've been bending yourself to fit in with others, and you feel less willing to do it. You're noticing situations where you've accepted less than you want, and **you're more likely to speak up or remove yourself instead of staying quiet**. Over the coming weeks, expect friction in relationships or settings where you've historically compromised on what matters to you.

♆ Neptune qx Quincunx ♅ natal Uranus

Over the coming weeks, you find yourself **second-guessing decisions you normally make without hesitation**, especially about independence or unconventional plans. Your instinct to break free from routine is still there, but doubt keeps creeping in about whether the timing or approach actually makes sense. This confusion fades once the transit passes and your clearer judgment returns.

♃ Jupiter ∟ Semi sextile ♁ natal NNode

Over the coming weeks, you find yourself **naturally gravitating toward people and situations that align with what you actually want**. Small opportunities appear that feel less forced than usual, and you notice you say yes to invitations or ideas without overthinking them. This isn't luck so much as you being more willing to take a chance on something that feels right, even if you can't fully explain why.

♄ Saturn qx Quincunx ♂ natal Mars

These days you feel a disconnect between what you want to do and what you think you should do, and this creates practical friction in your daily routines. You might start a task with energy but then second-guess yourself or hit unexpected obstacles that force you to slow down and reconsider. This awkward mismatch between your impulses and real-world constraints is temporary, but right now it's teaching you where your approach needs **more realistic planning** instead of just pushing forward.

› Moon ☾ Quincunx ♀ Venus

Right now your emotional needs and what you want socially are slightly out of sync, so you might feel pulled in two directions. You could notice yourself wanting comfort and closeness at times when you'd rather stay independent, or the opposite. This **mismatch between feeling and wanting** is temporary, and noticing it is the first step to working with it instead of against it.

› Moon ☾ Quincunx ♃ Pluto

These days you might notice a gap between what you feel and what you think you should do about it. Your emotional reactions feel stronger than usual, and you can't quite figure out why small things are bothering you more. This mismatch between your feelings and your practical choices can make you feel stuck until you take time to understand what's actually upsetting you.
