## KEY TRANSIT FACTORS

### ☿ Mercury ☌ Opposition ♇ natal Pluto

Right now you're likely to say things that feel urgent and important but come across as harsh or controlling to others. You may notice yourself pushing conversations toward uncomfortable truths or **interrogating people about their motives** in ways that feel justified to you but leave them feeling attacked. These days, your words have a sharp edge, and backing down or softening what you've said feels impossible until this transit passes.

### ☿ Mercury ☐ Square ☉ natal Sun

Right now you're likely to **second-guess your own opinions** and struggle to communicate what you actually think. People may misunderstand your words or you may find yourself contradicting yourself mid-conversation, which creates friction with others. Over the coming weeks, you'll need to slow down before speaking and accept that getting your point across will take more effort than usual.

### ♅ Uranus ☐ Square ♂ natal Mars

These days you feel **restless and impatient with normal routines**, and you're more likely to act on impulses without thinking through the consequences. Your usual way of handling frustration stops working, so small annoyances trigger bigger reactions than they should. Over the coming weeks, this mismatch between what you want to do right now and what you actually should do will create real practical problems if you don't stay aware of it.

### ♃ Jupiter \* Sextile ♀ natal Venus

These days you find it easier to say yes to social invitations and connect with people who matter to you. You feel **naturally generous** with your time and attention, which makes others want to be around you more. This period is ideal for deepening friendships, starting new relationships, or simply enjoying the company you keep without forcing anything.

### ☾ Moon \* Sextile ♁ natal Uranus

Right now you feel more willing to break your normal routines and try something different, and **your mood actually improves when you do**. You might suddenly want to rearrange your space, change your schedule, or suggest a new activity to friends, and these small shifts feel genuinely refreshing rather than disruptive. Over the coming weeks, trust this impulse to experiment because your emotional state actually responds well to novelty and independence right now.

### ☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

### ☉ Sun ☾ Semi sextile ♿ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

### ☉ Sun ☿ Conjunction ♄ Saturn

Right now you are more aware of your own limits and what you actually need to do versus what you want to do. You become **more serious about your responsibilities** and less interested in shortcuts or excuses. This is a practical time to make concrete progress on something that matters, even if it feels slow or requires discipline.
