KEY TRANSIT FACTORS

☉ Sun ∟ Semi sextile ♃ natal Mercury

These days you find it easier to **explain your thoughts clearly** without overthinking what you say. People seem to understand your point the first time, and conversations flow naturally because you're not second-guessing yourself. This relaxed confidence with words can help you tackle small communication tasks at work or smooth over minor misunderstandings in your personal life while it lasts.

♀ Venus ∟ Semi sextile ♂ natal Mars

Right now you find it easier to **ask for what you want without apologizing**, whether in conversation or in your actions. Your usual hesitation about pursuing your own goals softens, and you can speak up or make moves with a natural confidence that feels good. This small but real shift helps you get things done and connect with others more directly over these coming weeks.

☾ Moon * Sextile ♁ natal Chiron

Right now you find it easier to talk about things that usually hurt to mention, and people respond well when you do. Your **natural openness about your own difficulties** gives others permission to be honest too, creating real connection instead of surface small talk. Over the coming weeks, this ease with vulnerability can help you understand your own patterns more clearly and support someone else who needs to hear that they're not alone in their struggle.

♄ Saturn qx Quincunx ♆ natal Neptune

Right now you're noticing the gap between what you imagine and what actually works in practice. You feel caught between wanting to escape reality and knowing you have real responsibilities that need attention. This uncomfortable mismatch forces you to make small adjustments to your plans, even if it feels frustrating at the moment.

☿ Mercury * Sextile ♀ natal Venus

You find it easier to say what you actually mean to people you care about, and they respond well to your honesty. **Your words come across as warm and thoughtful** instead of rushed or clumsy, which helps conversations feel closer. Over the coming weeks, this is a good time to have the talks you've been putting off or to express appreciation to someone who matters to you.

☉ Sun ∟ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

› Moon * Sextile ♀ Mercury

These days your thoughts feel clearer and your feelings find words more easily than usual. You notice you can **explain what you're going through without getting stuck or defensive**, and other people seem to understand you better. This is a good time to have conversations that matter, because both your head and your heart are on the same team right now.

LUNAR DAY

Moon in ♉ Taurus · Day 27 / 30 · Waning Crescent

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
