KEY DATE

♄ Saturn stations Retrograde

Saturn stationing retrograde means **delays and reviews become the pattern** for the next few months in work, responsibilities, and long-term plans. When this planet appears to move backward, people commonly experience **slowdowns in projects, contracts, or official processes** — deadlines shift, approvals take longer, and progress feels stuck even when you're putting in effort. The practical shift is to **focus on fixing past mistakes** and tightening up weak spots in your systems rather than pushing hard for new starts during this time.

KEY TRANSIT FACTORS

♂ Mars ∟ Semi sextile ☾ natal Moon ★

These days you're finding it easier to act on what you actually feel instead of sitting with emotions until they build up. Your instinct to do something practical when you're upset or restless is working well for you right now. This **willingness to move forward emotionally** means small conflicts settle faster and you feel less stuck in your own moods.

☉ Sun ★ Sextile ♃ Jupiter ★

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.

♆ Neptune ☌ Conjunction ♃ natal Jupiter

You're more willing to take risks right now, and your usual caution about money or commitments feels less important than it did before. This can work in your favour if you're starting something new, but you might also overlook practical details or agree to things without checking the facts first. Over the coming weeks, check decisions twice before acting, because your judgment about what's realistic is softer than normal.

☉ Sun ∟ Semi sextile ♂ natal Mars

Over the coming weeks, you'll notice you have **just enough drive to finish things without burning out**. Small projects that felt stuck suddenly move forward because you're willing to put in steady effort without forcing it. This is a good time to tackle practical tasks where consistent work pays off, like organizing a space or learning a new skill.

♂ Mars ☌ Opposition ♄ natal Saturn

Right now you feel blocked when you try to push forward, as if every effort meets resistance from outside or from your own doubt. You become **frustrated and impatient** because things take longer than you want them to, and you may snap at people or force situations instead of waiting. Over the coming weeks, you will need to accept that some obstacles are real and that slowing down is the only way through, not a failure on your part.

♅ Uranus ∟ Semi sextile ♃ natal NNode

Over the coming weeks, you find yourself drawn toward people and situations that feel genuinely new and different from your usual circles. Your **natural curiosity about unconventional ideas** is stronger than usual, and you notice yourself asking better questions instead of accepting the first answer. These small shifts in how you explore the world are quietly putting you in contact with opportunities that align more closely with what you actually want to become.

♄ Saturn Rx · ♊ Gemini

Mental discipline and consistency in communication are being tested right now. Projects that require sustained intellectual effort may expose areas where your commitment has been shallow. Returning to half-finished work rewards you more during this period than starting fresh.

☾ Moon * Sextile ☿ Mercury

These days your thoughts feel clearer and your feelings find words more easily than usual. You notice you can **explain what you're going through without getting stuck or defensive**, and other people seem to understand you better. This is a good time to have conversations that matter, because both your head and your heart are on the same team right now.

☾ Moon * Sextile ♀ Venus

Right now you find it easier to **express what you actually feel** without worrying what others will think. People around you respond well because you seem more genuine and relaxed than usual. This is a good period to have honest conversations or do something kind for someone close to you.

LUNAR DAY

Moon in ♋ Cancer · Day 24 / 30 · Last Quarter

Sensitivity to tone and atmosphere runs higher than usual over the next 48 hours, making small remarks feel more significant than intended. **The draw toward home, familiar food, and trusted people** dominates most decisions.
