## KEY TRANSIT FACTORS

### ☉ Sun ☐ Square ♇ natal Pluto ★

Right now you are **pushing hard against people or situations that feel controlling**, and this is likely to create real friction in your relationships and work. You may notice you are more irritable than usual, especially when someone challenges your authority or when you feel your independence is being threatened. Over the coming weeks, this friction will either force you to set clearer boundaries or lead you into unnecessary conflicts that exhaust you.

### ☉ Sun ★ Sextile ♃ natal Jupiter ★

You're feeling more confident about your abilities right now, and you're probably taking on projects or conversations you might normally avoid. Your natural optimism is working in your favor — people respond well to your **straightforward, encouraging attitude**, and doors tend to open more easily. Over the coming weeks, trust this momentum to try something new or pitch an idea you've been sitting on.

### ☾ Moon ∟ Semi sextile ☿ natal Mercury

These days you find it easier to **put your feelings into words** without overthinking or second-guessing yourself. Your conversations with others feel more natural and relaxed because your emotional state and your thinking are working together smoothly. Over the coming weeks, this makes it simpler to explain what you actually need or how you really feel, and people tend to listen better when you're this straightforward.

### ♂ Mars ☐ Square ♃ natal Jupiter

You're more likely to overcommit right now, saying yes to things without thinking through what you actually have time for. Your impatience makes you **push forward recklessly**, and you end up wasting energy on projects that won't pay off or overselling your abilities to others. These days the gap between your confidence and your actual capacity becomes obvious, usually when you've already promised more than you can deliver.

### ♀ Venus ☐ Square ♊ natal NNode

Right now you're drawn to people and situations that feel comfortable but don't actually move you forward, making it harder to stick with the **relationships and commitments that genuinely challenge you to grow**. You might notice yourself avoiding conversations or connections that require vulnerability, instead choosing familiar company that asks nothing of you. Over the coming weeks, this pattern could leave you feeling stuck between what's easy and what's actually good for you.

### ♂ Mars Rx • ♄ Capricorn

Ambition is present but progress feels blocked or slowed in frustrating ways right now. Efforts toward professional goals seem to require more than they return during this period. Reassessing the methods you are using rather than simply increasing effort is the more productive response.

☉ Sun ☿ Quincunx ♂ Mars

At the moment, you feel driven to act but something keeps pulling your attention in a different direction, making it hard to move forward with any single plan. Your usual way of doing things no longer feels quite right, and you have to keep adjusting your approach as you go. This mismatch between what you want to do and what actually works creates a practical friction that requires patience and small corrections rather than big changes.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. Sun square Jupiter pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☉ Sun ∟ Semi sextile ♄ Saturn

These days you find it easier to stick with practical commitments without feeling weighed down by them. **You can be disciplined and follow through** on plans while still enjoying the process instead of resenting it. The light touch between Sun and Saturn means your natural confidence supports your ability to work steadily toward real goals.

LUNAR DAY

Moon in ♊ Gemini · Day 2 / 30 · New Moon

**Social activity picks up** for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.
