♁ North Node	in	♋ Cancer	22°42'44"	X <b>Rx</b>
♁ Lilith	in	♏ Scorpio	4°36'07"	II

## KEY TRANSIT FACTORS

### ☿ Mercury $\Delta$ Trine ☾ natal Moon $\cdot$ peak 1 May $\star$

Right now you find it much easier to say what you actually feel without overthinking it. Your conversations with people close to you flow naturally because you can **express emotions clearly and listen without getting defensive**. This is a good window to have the conversations you've been putting off, since what you say lands well and creates real understanding.

### ♃ Jupiter $\Delta$ Trine ☿ natal Mercury $\cdot$ peak 29 May

Right now your thinking is clearer than usual and you find it easier to explain what you mean to other people. You're picking up on details and patterns you normally miss, which helps you solve problems faster and make better decisions in practical situations. This is a good time to write, teach, negotiate, or learn something new because your mind is working **with less friction** and your words land better with others.

### ♁ NNode $\sigma$ Conjunction ♄ natal Saturn $\cdot$ peak 16 May

You are more aware right now of where you need to set limits and take responsibility, and you find it easier to say no to things that drain you. This period pushes you to **get serious about your commitments** and cut away what does not matter. Over the coming weeks, you may feel less interested in socializing or taking risks, and more focused on building something solid that will actually last.

### ♅ Uranus $\star$ Sextile ☿ natal Mercury $\cdot$ peak 9 May

Right now your mind is unusually **quick to spot patterns and make unexpected connections** between ideas that normally seem separate. You find yourself asking better questions in conversations and coming up with solutions that feel genuinely original rather than recycled. Over the coming weeks, this clarity gives you real confidence to speak up in meetings or try explaining something you've been hesitant to tackle before.

### ♁ NNode $qx$ Quincunx ♁ natal NNode $\cdot$ peak 24 May

Over the coming weeks you notice a disconnect between what you think you should be doing and what actually feels right to you. Your **usual sense of direction becomes unclear**, and small decisions that normally feel straightforward now require more thought. This awkward mismatch between your plans and your instincts will settle once this period passes.

### ♆ Neptune $qx$ Quincunx ☾ natal Moon $\cdot$ peak 26 May

Your emotional needs feel out of step with what's actually happening around you these days, and this mismatch can leave you **restless and slightly dissatisfied** no matter what you're doing. You might find yourself wanting comfort or reassurance that doesn't quite arrive, or feeling emotionally tired without a clear reason why. Over the coming weeks, the practical solution is to check in with yourself about what you actually need right now, rather than waiting for circumstances to shift on their own.

### ♄ Saturn $\sigma$ Conjunction ♅ natal Uranus $\cdot$ peak 3 May

Right now you feel **caught between wanting to break free and needing to be responsible** about it. You're more aware of the rules and limits around you, which makes any impulsive urge to rebel feel heavier or less appealing. Over the coming weeks, this usually shows up as delayed or reconsidered decisions rather than sudden change.

### ♅ Uranus △ Trine ♃ natal NNode · peak 31 May

While this lasts, you find it easier to **break free from old patterns that no longer fit** and try something genuinely new. You feel less afraid of standing out or doing things differently than usual, and others seem to respond well to this shift in you. Over the coming weeks, this confidence in your own direction can open doors you didn't expect.

### ♃ Jupiter ♁ Opposition ♃ natal NNode · peak 9 May

Over the coming weeks, you're likely to **overcommit yourself** and take on more than you can realistically handle. Your usual sense of what fits your life gets temporarily skewed, and you end up saying yes to opportunities that pull you away from what actually matters to you. This period asks you to notice where you're spreading yourself too thin and to start saying no more often.

### ♇ Pluto △ Trine ♅ natal Uranus · peak 1 May

You find yourself **willing to experiment with change** in ways that actually feel manageable right now, rather than chaotic or forced. The usual resistance you might feel to doing things differently drops away, and you can see practical benefits to breaking old routines. Over the coming weeks, this shift in attitude makes it easier to implement reforms you've been thinking about without the typical stress or second-guessing.

### ♃ NNode ♁ Quincunx ♁ natal Moon · peak 1 May

Over the coming weeks, you'll notice your usual emotional comfort habits don't quite work the way they normally do. You might feel pulled toward new social connections or group activities that don't match your typical preference for familiar people, leaving you **restless and slightly off-balance**. The mismatch between what feels safe emotionally and what seems important to pursue socially will gradually push you toward small changes in how you relate to others.

### ♃ NNode □ Square ♃ natal Mercury · peak 31 May

Right now you're running into friction between what you want to say and what actually comes out, leaving conversations awkward or misunderstood. **You second-guess yourself constantly**, rewriting messages in your head and struggling to explain your real thoughts clearly to others. Over the coming weeks, this mismatch between your thinking and your ability to communicate will force you to slow down and pay closer attention to how you're actually being heard.

### ♄ Chiron □ Square ♃ natal Mercury · peak 25 May

Right now you're second-guessing what you say before you say it, which makes conversations feel awkward and slow. You notice **doubts creeping in about your own knowledge** — facts you were sure about suddenly feel uncertain, and you hesitate to speak up. This friction between thinking and speaking will ease in a few weeks, but for now it's worth recognizing that this self-doubt is temporary, not a real change in how smart you actually are.

### ♅ Uranus ∟ Semi sextile ♄ natal Saturn · peak 31 May

Over the coming weeks, you find it easier to **adjust your plans without feeling like you're losing control**. Small changes to your schedule or approach no longer feel threatening, and you can spot practical improvements you've been putting off. This is a good window to update systems, refresh routines, or try a different method at work without the usual resistance.

### ♃ Jupiter ∟ Semi sextile ♄ natal Saturn · peak 9 May

Over the coming weeks, you find it easier to follow through on practical plans without getting overwhelmed by all the details. *Jupiter* is giving you just enough optimism to balance *Saturn's* caution, so you can **move forward steadily while staying realistic** about what you can actually do. This is a good time to tackle a project that requires both confidence and discipline, because you naturally trust your own judgment right now.

### ♄ Saturn Rx · ♍ Virgo

The systems and routines you rely on for health, work, and daily functioning are being tested for their genuine usefulness right now. Habits maintained out of routine rather than benefit deserve honest evaluation. Small corrections made now to health or work practices tend to produce more durable improvement than sweeping changes.

★ = natal resonance — this transit echoes your birth chart, amplifying its influence

## LUNATIONS

---

● New Moon · Tuesday, 6 May

### in ♉ Taurus

material foundations, slow build, stability

### in H8 — Transformation

A new cycle around **deep transformation, shared resources, and what lies beneath the surface** is beginning. Financial matters involving joint money, inheritance, or debt may need fresh attention. On a deeper level, this lunation invites you to release something that no longer serves you and commit to genuine change. What you begin here has the potential to fundamentally alter how you use power, handle intimacy, and relate to loss and renewal.

---

○ Full Moon · Monday, 19 May

**in ♏ Scorpio**

hidden truths, emotional intensity, power shift

**in H2 — Resources & Values**

A financial matter or question of personal value is reaching its peak. Something involving **money, possessions, or what you're truly worth** is being illuminated — this might mean a payment arriving, a resource reaching its limit, or a clearer picture of your actual financial situation. What you've built (or failed to build) around security and income becomes visible now. This is a moment for clarity, not new spending — use what this full moon reveals to adjust your approach.

**KEY DATES**

---

**Thu, 1 May** ♀ Venus enters ♉ Taurus

♅ Pluto △ Trine ♂ natal Uranus

♆ Neptune ♂ Conjunction ♄ natal Saturn

*Venus* in *Taurus* shifts how people handle money and relationships — you'll notice a **stronger pull toward stability** and less tolerance for drama or sudden changes. In work and friendships, this transit brings a **preference for steady progress** over risky moves, and people tend to stick with what works rather than constantly switch direction. Physical comfort matters more now, so expect **more attention to food, comfort items, and routine pleasures** as people naturally invest in things that feel reliable and good.

**Sat, 3 May** ☿ Mercury enters ♊ Gemini

♄ Saturn stations Direct

♄ Saturn ♂ Conjunction ♂ natal Uranus

*Mercury* entering *Gemini* sharpens your ability to **pick up details** and **connect ideas quickly**, so conversations at work or home tend to move faster and cover more ground. People often notice they're **more curious** about how things work and less patient with slow explanations, which can make learning something new feel easier but also make waiting for others frustrating. At work and in daily tasks, **short-form communication** — texts, quick calls, bullet points — becomes more natural than long emails, and your mind jumps between topics more readily.

**Tue, 6 May** New Moon in Taurus

**Fri, 9 May** ♂ Uranus ✳ Sextile ☿ natal Mercury

♃ Jupiter ♁ Opposition ♃ natal NNode

**Sat, 10 May** ♂ Mars enters ♌ Leo

♃ Jupiter stations Retrograde

*Mars* in *Leo* brings **direct, confident action** that people around you will notice right away — you speak up more often, take charge in meetings, and stop waiting for permission to try things. In relationships and at work, this transit **increases competition** and **ego clashes**, so you may find yourself arguing more or wanting credit for what you do. The practical shift is that you'll have real **energy and drive** to finish projects and take risks, but you'll also feel less patient with people who move slowly or don't acknowledge your effort.

**Mon, 12 May** ♄ Saturn ♂ Conjunction ♂ natal Uranus

♅ Pluto △ Trine ♂ natal Uranus

**Fri, 16 May** ♃ NNode ♂ Conjunction ♄ natal Saturn

**Sun, 18 May** ♃ Jupiter △ Trine ☿ natal Mercury

♄ Chiron □ Square ☿ natal Mercury

**Mon, 19 May** Full Moon in Scorpio

♅ Uranus ✳ Sextile ☿ natal Mercury

**Wed, 21 May** ☉ Sun enters ♊ Gemini

*Sun* in *Gemini* brings a **shift toward curiosity and talking things through** — you'll notice people asking more questions, starting conversations they'd normally skip, and wanting to understand how things work. At work and in relationships, **communication becomes easier and faster**, though the downside is that people scatter their attention across more projects and topics than they can actually finish. **Short trips, emails, and quick decision-making** pick up noticeably during this month, so if you've been putting off organizing your schedule or catching up with contacts, this is when that restless energy makes it feel natural.

**Sun, 25 May** ♀ Venus enters ♊ Gemini

♄ Chiron stations Retrograde

♄ Chiron □ Square ☿ natal Mercury

*Venus* in *Gemini* makes people **more talkative and curious** about the people around them, so conversations feel lighter and flirtation happens more easily. At work and in friendships, you'll notice **shorter attention spans** — everyone wants variety instead of depth, which means plans change faster and people juggle multiple projects or interests at once. This transit typically brings **less commitment** to big decisions about money or relationships, so it's a better time to explore

options than to lock anything down.

**Mon, 26 May** ♁ NNode ♂ Conjunction ♄ natal Saturn

**Tue, 27 May** ☿ Mercury stations Retrograde

♆ Neptune stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

**Thu, 29 May** ♃ Jupiter △ Trine ☿ natal Mercury

**Sat, 31 May** ♅ Uranus △ Trine ♁ natal NNode

♁ NNode □ Square ☿ natal Mercury
